How To Buy Corn

Fresh corn-on-the-cob is a favorite vegetable. You can buy it year-round in many areas, but it is most plentiful and therefore less expensive during the summer.

Check the quality

- * Kernels that are plump and cover the cob well
- * Yellow corn of bright color
- * White corn that is really white
- * Husks that look fresh, of good green color
- * Silks that are free from decay

Storage Tip
Keep fresh corn-on-the-cob cold and moist and plan to use in 1 or 2 days after purchase for peak of freshness and good flavor.
