William John Laine, Jr., of Carpet Lane, operating

a truck, was treated for injuries at KM Hospital and released. Ptl. James Camp said Laine reported that the accident was the result of a dog chasing a truck and going East, subsequently running into his lane of traffic.

According to the Officer, Ms. Collins was making a left turn onto S. Railroad Ave. and Ms. Bell was proceeding North on Railroad St. The Collins vehicle struck the Bell car in the right front as she attempted to make a turn.

Damages were estimated at \$600 to the Collins vehicle and \$1,000 to the Bell car.

Michael Harold McIntyre, of 807 First St., told city Ptl. Harry Martin that he was driving too fast when he turned into Blanton St. and struck the rear of a 1978 Chevy which was parked on Blanton St. Damages to the McIntyre 1968 Chevy right front were \$200 and damages to the

left rear of the parked car were \$600.

Gordon-Wright Is Selected

Arnold Gordon-Wright, former Community Development Coordinator for the City of Kings Mountain, was recently asked to participate in critiquing a Housing Rehabilitation course which will be offered later, (in 1980) nationwide, to all persons working in Community Development.

The course, which is designed by the National League of Municipalities and the U.S. Department of Housing and Urban Development, is being offered to a sampling of Community Development Directors on a Regional basis. In the Southeast Region there will be two directors from each state to critique the course. The critique will be used to "iron out the bugs" in the course before it is offered nationally.

Also, The N.C. Department of Natural Resources and Community Development is starting a new "Peer-to-Peer" program in which two communities from each of

Gordon-Wright is a native of Kings Mountain and is employed by the Town of Forest City as Community Development Director. He and his family, wife Kathern and son David will be moving to Forest City in the near future.
