

Math Contest

Planned

CHARLOTTE—The Department of Mathematics at the University of North Carolina at Charlotte will sponsor a regional mathematics contest for senior high schools in a 10-county area Saturday, March 29. The regional competition is

part of a statewide contest sponsored by the North Carolina Council of Teachers of Mathematics.

The contest will include a written exam for individual competition and an oral exam

for teams (three or four members). Trophies and certificates will be awarded in both areas. Qualification for the state contest will be based only on the written exam.

There are plans to award a

permanent rotating trophy to the top ranking individuals.

The UNCC competition will be open to high schools in the following counties: Anson, Cabarrus, Cleveland, Gaston, Iredell, Lincoln, Mecklenburg,

Rowan, Stanley and Union. Dr. Harold B. Reiter, associate professor of mathematics at UNCC, is chairman of the contest. He is contacting principals in the above counties asking for each school's participation.
