TRADE UP TO SNAPPER DEPENDABILITY!

Before you buy a mower, tiller or tractor, compare the quality and performance features of a SNAPPER. You'll find a SNAPPER is worth more because it does more and its price is competitive with other quality mowers, tillers and tractors.

SNAPPER tractors with hydrostatic transmissions have a single pedal that controls both your speed and direction. Great for maneuvering on the lawn or in the garden. Shown with optional cutting unit. 42", 48" and 54" units available.

SNAPPER tillers can be converted to walking tractors so you can also plow or cultivate.

All SNAPPER riders have on-the-go shifting without clutching. Plus a cutting unit which raises to prevent scalping. 6 or 30 bushel catchers available.

19" and 21" SNAPPER walk mowers are superior bagging mowers which can be converted to mulching mowers and leaf shredders.
