

Express Mail Is Available In Kings Mountain

Kings Mountain Postmaster Fred Weaver announced today that Express Mail is now available at the Kings Mountain

Post Office. Postmaster Weaver and postal officials in Charlotte have been working for several months to make this service available in the Kings Mountain area, and Weaver said, "We are very excited and happy to be able to offer this service to our customers. This service has previously been offered only at cities with major airports, and we have had to refer our customers to post offices in Charlotte and Gastonia."

Express mail is a guaranteed expedited delivery service which allows a customer to mail items weighing up to 70 pounds to any of 1,300 designated locations around the country overnight. Articles should be mailed by 3:30 p.m., Monday through Friday, and they may be picked up at the destination post office by 10 a.m. or delivered by 3 p.m. the following day.

Postage is refunded if the item is not available for pickup or delivery is not attempted by the specified times unless the delay is caused by strike or work stoppage. Articles are insured up to \$500 for merchandise or \$50,000 for document reconstruction at no additional cost. Letters may be included with merchandise at no additional cost.

Postage on Express Mail is charged according to weight and destination zone. A five pound article can be sent to New York, New York, from post office to post office for \$7.20 or delivered to the addressee for \$9.30. The same five pound article can be delivered to a post office in Seattle, Wash. by 10 a.m. for \$8.20 or to the addressee by 3 p.m. for \$10.30, guaranteed, or your money back.

There is an Express Mail Custom Designed Service for business mailers with the need for regularly scheduled high speed deliveries. An agreement between the Postal Service and customers is arranged prior to starting this service, setting forth the schedule of service between specified origin and destination points. This service can be arranged with a predetermined frequency of mailing to any of 23,000 post offices.

For further information on Express Mail Service, the Post Office may be contacted at 739-5616.
