## Gardner-Webb To Open North Gaston Night Class

**BOILING SPRINGS** — Effective fall semester 1980, Gardner-Webb College will open a new Evening College Center in Gaston County at North Gaston High School in Dallas. The college will offer baccalaureate degree programs in Business Administration, Criminal Justice, Early Childhood Education (K-3), Human Services and Intermediate Education (K-4).

These programs are part of Gardner-Webb's commitment to serving the needs of adult learners, entitled GOAL (Greater Opportunities for Adult Learners). GOAL is an academic program specifically designed for those who have completed two years of college work in a specified curricular area and desire to complete requirements for a baccalaureate degree.

Students may complete 12 semester hours of credit per semester by attending two evenings per week (Monday through Thursday). The cost per semester is \$50. If the student carries 12 semester hours and is a resident of North Carolina, he is eligible for the N.C. legislative grant which significantly reduces the tuition cost. Based upon assessment of need, a student may be

eligible for additional financial aid.

The GOAL program was initiated in the fall semester, 1978 and since, Gardner-Webb has established and maintained centers in Kings Mountain, Lincolnton, Morganton, Spindale and on the Boiling Springs campus.

All interested students are asked to attend an orientation session to be held in the Myers Center at Gaston College on Aug. 12 at 7 p.m. Gardner-Webb personnel will be available to provide program materials and answer questions about the courses to be offered.

If you are unable to attend the orientation session, information may be obtained by contacting the Office of Continuing Education and Summer School, Gardner-Webb College, Boiling Springs, N.C. 28017.
