

DAVID ALEXANDER

## Alexander Completes Training

David Alexander, son of Mr. and Mrs. Dwight Alexander of 1160 Westover Drive, Kings Mountain, has completed basic training at Ft. Dix, N.J.

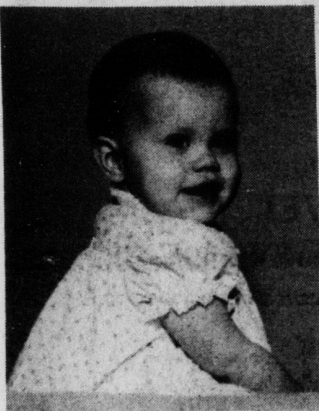

Mr. and Mrs. Alexander attended graduation ceremonies there on October 29. David graduated as one of the top soldiers in his class and was awarded the Expert Rifle badge for his performance as a top-notch marksman.

Alexander, a 1980 graduate of Kings Mountain High, joined the Army's Delayed Entry Program (DEP) during his senior year. At that time he was guaranteed Small Arms Repair, one of the many technical skill training programs available in the Army. He reported for active duty on September 3.

Mr. Alexander was impressed with the graduation ceremony and the "royal treatment" his family received. "David is proud to be a member of the U.S. Army," he said. "I was doubtful when David enlisted but know how that he made the right decision."

Pvt. Alexander started the Small Arms Repair course on November 3 at Aberdeen Proving Grounds, Maryland. When he graduates, he hopes to return to Kings Mountain for the Army's Hometown Recruiter's Aid Program, where he will work closely with his recruiter to find qualified applicants for the Army.

For more information about the Delayed Entry Program and the Army, contact SSG Jim Rowlett at 739-8216 or stop by his office at 117 West Mountain Street, one block below the U.S. Post Office.

# KM Sertoma Club Organizing

(From Page 7-A)

consisting of Sertomans in the medical profession was selected by Lowell Schmidt, then International president, to study the possibility of a program to help persons handicapped in hearing or speech. To further study the needs and possible methods of aiding the hearing and speech handicapped, the Board of Sertoma International made special trips to New York and Washington, D.C., to confer

with the officials of the Deafness Research Foundation and the American Hearing Society. The Board enthusiastically decided that Sertoma Clubs should undertake to participate in the important field of providing assistance to the millions of children and adults handicapped by hearing and speech impairments. Speech and Hearing Clinics have been built, operated and staffed by the Sertoma Clubs of St. Petersburg and Sarasota, Florida, for several years. The Sertoma Club of

Houston, Texas, founded the Houston School for Deaf Children and has operated it. Many other clubs have had successful projects in this field. The Sertoma Foundation has opened five communicative Disorders Centers dedicated to research and treatment of the multitude of communicative disorders.

The National Heritage, Service to Mankind Award and Hearing and Speech Programs

were the three major emphasis programs recommended by the Sertoma International Board of Directors to the clubs for community service sponsorships until July 1, 1971, when a fourth program was recommended. SERTEEN and COLLEGIATE SERTOMA Clubs are now being organized on high school or college campuses, or otherwise in communities, by Sertoma Clubs or by other SERTEEN or COLLEGIATE SERTOMA CLUBS. Membership is open to young men and women, with no

restrictions as to race, color, creed or religion.

SERTEEN and COLLEGIATE SERTOMA Clubs exist to afford youth the opportunity to serve their fellowman. Such clubs promote the freedom of individuals, the free enterprise system, good government, mutual tolerance and understanding among all peoples. The clubs exist to serve their communities and to assist wherever needs are found.
