THINK OF OUR IRA AS A NEST EGG THAT WON'T GET EATEN UP BY TAXES.

If you're not already covered by a profit-sharing or pension plan where you work, look into an Individual Retirement Account at Independence National.

With an IRA, you can salt away up to 15% of your annual income (\$1,500 maximum) for retirement. Independence will add on a healthy 12% annual interest (guaranteed for 30 months).*

Your IRA can amount to a sizeable nest egg when you're ready to retire. What's more, you don't pay any tax on this money until you start to withdraw it. And by that time, you'll probably be in a lower tax bracket.

Stop by any Independence National office for the full details on how an Independence IRA can make your retirement more enjoyable. And reduce the tax bite in the process.

*Interest rate is subject to change with money market conditions. Interest is compounded, computed and paid annually.
