Patrons who do not wish to

save their tickets to the May 12 concert until next season are encouraged to donate the value of these tickets to the symphony as tax deductible contributions.

Patrons should send their ticket stubs to the symphony box office (PO Box 28026, Raleigh, N.C. 27611) The symphony will then send patrons donation receipts for the value of the tickets.

Symphony officials expressed profound regret for the inconvenience caused by the cancellation.

mile perimeter.

She also pointed out that TWK is leasing the property, not buying it, and that if the mobile home sales business does not prosper, and the property is rezoned business, "Charlie Clark will be able to put anything he wants in there."

Kelso told the board TWK planned to handle only new mobile homes, and planned to clean up the property. "We don't plan to put junky trailers out there. The property will look real nice," he said.

Kelso pointed out that "there are businesses all around" but Mrs. Morris explained that most of the businesses, like Cash Grocery and Ware's Orchard, were in operation before the area was taken into the one-mile perimeter and are legal under the "Grandfather Clause."

"It would be an asset to Kings Mountain," Kelso said. "It would boost the economy."

But Mrs. Morris argued that it would not help Kings Mountain's economy. "The owner is from Morganton, he will not be paying any city taxes since the property is located in the county, and area banks don't make it an everyday practice to finance mobile homes," she said. "It won't do that much for the economy."

Kelso and Mrs. Morris were the only persons to speak on the issue. Commissioner Corbet Nicholson made the motion to deny the rezoning request, and Norman King seconded. It passed unanimously.

THINK OF OUR IRA AS A NEST EGG THAT WON'T GET EATEN UP BY TAXES.

If you're not already covered by a profit-sharing or pension plan where you work, look into an Individual Retirement Account at Independence National.

With an IRA, you can salt away up to 15% of your annual income (\$1,500 maximum) for retirement. Independence will add on a healthy 12% annual interest (guaranteed for 30 months).*

Your IRA can amount to a sizeable nest egg when you're ready to retire. What's more, you don't pay any tax on this money until you start to withdraw it. And by that time, you'll probably be in a lower tax bracket.

Stop by any Independence National office for the full details on how an Independence IRA can make your retirement more enjoyable. And reduce the tax bite in the process.

Easter about-face

Easter may be the opportunity to re-direct your way of life.

The story is told of two young men who left town together on a business trip. The passenger dozed off only to awaken later to the astonishment that they were headed in the wrong direction. "We're going the wrong way," shouts he! "I know," said the driver, "but we're making such good time I hate to turn around."

Is your life like that? The Lord Jesus Christ died and rose from the grave Easter morning to turn your life and mine around. Won't you let him?
