Diet and exercise basics

The best common sense booklet I've seen on "shaping up" is yours for the asking when you clip this article and send it my Independent Pharmacists' Clipping Service, Box 5185, Raleigh, NC 27650.

It stresses painless exercise and sensible food choice to achieve surprising levels of bodily performance, endurance and health. This booklet is written to help you "shape up" to your potential for the long run, whether measured in miles or in years through emphasis of a total lifestyle.

I recommend you send for "Shaping Up" for a clear statement of basics.
