## DOT Public Hearing Slated Here On May 14

Kings Mountain area citizens are invited to attend a public hearing to be conducted by the North Carolina Department of Transportation May 14th at 2 p.m. at Kings Mountain Community Center.

Priority and urban needs in the area, including the timetables for construction of the U. S. 74 Bypass of Kings Mountain, are among topics to be discussed. The public is invited to provide input, according to an advertisement which appears in today's Herald.

Since a review and reassessment of primary and urban highway construction priorities across the state have become necessary because of the Highway Department's increasingly limited financial resources the program is quite timely and of considerable interest to Kings Mountain citizens.

The Kings Mountain meeting is one of 14 meetings slated to be held by officials of the N. C. Department of Transportation in April and May.
