That's what BB&T's now paying on 6-month money market certificates.

That's our annual interest rate this week on six-month certificates. The minimum deposit is \$10,000 and the rate is subject to change at renewal.

Federal regulations require a substantial interest penalty for early withdrawal and prohibit the compounding of interest.

You're accustomed to personal service at Independence National. Naturally. It's something you've always known there, and the merger of Independence and BB&T on October 5th doesn't change that. You still get the very same old-fashioned courteous attention from the very same friendly people. In fact, the merger has made only two changes. One, your bank has a new name: Branch Banking and Trust. And two, you have 91 more offices now than you had before, all offering you personal service.
