

Methodist Women Meet February 27 In Cherryville

The United Methodist Women of Gaston, Lincoln and Cleveland Counties will hold their annual "Prayer Breakfast" February 27 from 8:45 a.m. until 11:30 a.m. at First United Methodist Church in Cherryville.

Guest speaker will be Mrs. Linda Hair from Henderson Settlement, Frokes, Kentucky. She is originally from Richardson, Texas, where she received a Bachelor of Science Degree in Home Economics.

In 1979, she and husband David were accepted as Home Missionaries in the United Methodist Church. They are now serving at Henderson Settlement, a Children's Home for needy, dependent and neglected children. David is supervisor of the Child Care Ministry and Linda teaches in the Community Center. Her homemaking skills are a big asset as she teaches youths and adults crafts, sewing, arts and adult education. In 1980, Linda was elected to serve as a Director of the Women's Division, assigned to the Mission

and Membership Development Section. She especially enjoys her participation in the Reading Program of the Conference.

Linda says, "United Methodist Women are vital and very supportive to her life and work". Therefore, she looks forward to any opportunity to share her experience in missions with others.

'Christian Fathering' Film To Be Shown Sunday

"Christian Fathering" is a film which addresses one of the most critical needs of our day—the need for us "daddies" to take our responsibilities and opportunities with our children seriously.

"Christian Fathering" features a "daddy" who is one of America's leading Christian authorities on the family. Dr. James Dobson is Associate Professor of Pediatrics at the University of Southern California School of Medicine, and author of several popular books on the family, including *Dare to Discipline* and *What Wives Wish Their Husbands Knew About Women*.

It is Dr. Dobson's desire to

help men with children be better fathers. "Christian Fathering" will be shown this Sunday evening, February 28, at 6:00 p.m. in the sanctuary of the Boyce Memorial Associate Reformed Presbyterian Church (located beside the Kings Mountain Hospital).

The Boyce Memorial Church wishes to offer these films as a service to any in our community who, with many of us, would appreciate helpful guidance in this most important responsibility of shaping and guiding little lives. Youth activities and a nursery will be provided for the children of parents who wish to attend "Christian Fathering."

Heart Answers

WHAT IS A PACEMAKER?

The heart has a natural pacemaker that consists of a small mass of specialized cells producing electrical impulses that cause the heart to beat. An artificial pacemaker is an electrical device that can substitute for a defective natural pacemaker and control the heart's beat by a series of rhythmic electrical discharges. An artificial pacemaker is a small battery-powered unit usually implanted under the skin. It sends electrical impulses through tiny wires to the heart to control the heart's rate and rhythm of contraction. Contact your local American Heart Association for more information.

WHAT IS RHEUMATIC FEVER?

Rheumatic fever is an inflammation that may affect the heart, joints, brain or skin. It is almost always the result of a strep throat infection and is accompanied by fever. The most serious result of rheumatic fever is damage to the heart valves. However, heart damage is not an inevitable result of rheumatic fever. The risk of rheumatic fever can be decreased by prompt medical treatment of strep throat infections. Anyone who has been a victim of the disease has an increased risk of recurrence, which can be diminished by long-term treatment with antibiotics. Contact your local American Heart Association for more information.
