KM's Smith Selected For East-West Game

Add another in a long list of honors for Kings Mountain High basketball standout, Carl Smith.

The 6-0, senior point guard this week was named to the West all-star team for the annual East-West Game to be played in July in Greensboro.

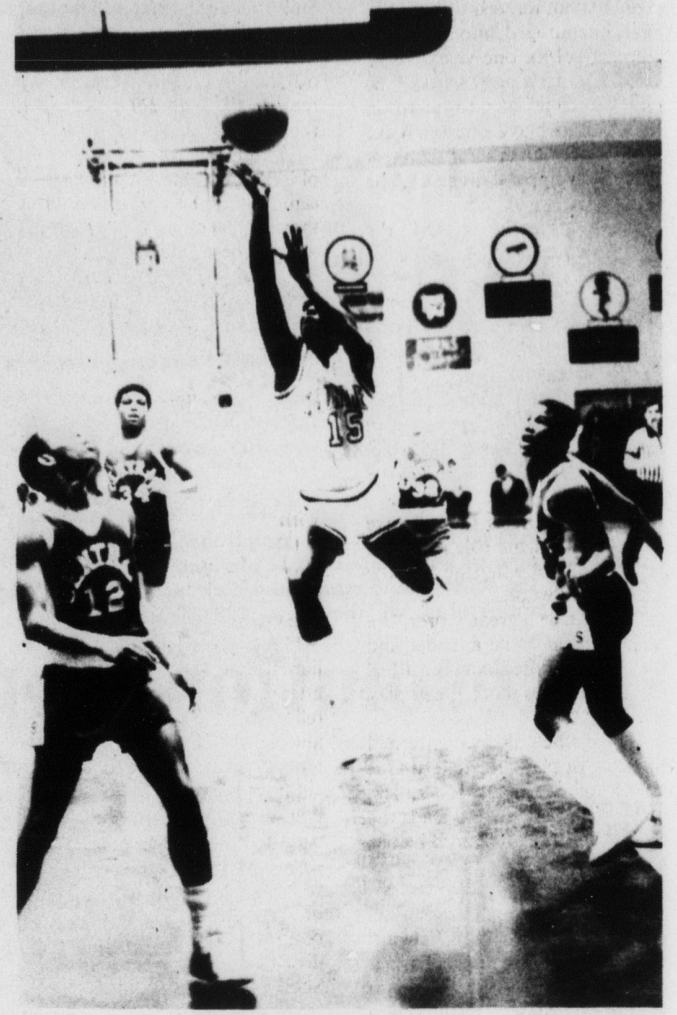

Smith is the third KMHS performer to make the team. George Adams, who later starred at Gardner-Webb and in the American Basketball Association, was on the 1968 team and Otis Cole, who later starred on the Florida State team which finished second to UCLA in the NCAA tournament, played on the 1970 team.

Smith, a two-time Player of the Year in the Southwestern 3-A Conference, led the Mountaineers to a 51-4 record over the past two years and two SWC titles. He was a three-year starter and averaged 19 points, five assists and three points per game his senior year. He scored over 1,000 points during his career.

"There are a lot of good players out there, so I consider it a real honor to be selected to the all-star game," said Smith.

In addition to being selected the SWC Player of the Year two years running, Smith has been All-Conference twice, All-Piedmont twice, All-GazetteLand twice, GazetteLand Player of the Year twice and team most valuable player last year.

He is the school's most highly-recruited basketball player since Adams and Cole, and says he should be ready to make a decision about his future within a week.

Mounties Lose Friday, Tuesday Game Called Off

Kings Mountain High's baseballers had their scheduled finale with East Gaston Tuesday called off because of rain and the two clubs were scheduled to try again Wednesday afternoon in Mt. Holly.

The Mounties, 6-6 in the Southwestern Conference, dropped a 10-1 decision Friday night to South Point, which wrapped

up a conference playoff berth. Steve Ray and Preston Guy had three hits each to lead the Raiders and Brad Beane, a transfer from West Charlotte, hurled the win.

Tony Childers worked the first five innings for the Mounties and took the loss. He had relief help from David Looney and Robert Anderson.
