COMING EVENTS

Friday, Feb. 28th - CIVIC CLUB SHOW

Another of our famous Island shows which you will enjoy. The Title of it is OCRACOKE AT MAILBOAT TIDE.

Scene I: The Community Store
Scene II: The Post Office

Theme Song: "Sugar in the morning....."

Much secrecy, but we learn from Coach Roadthaler that it will be a case of "See Yourself as Others See You", which means some good take-offs. We learn too that some of our summer visitors will get their share of attention, as well as the "tourist who has never been to Ocracoke before and is trying to find out what's what."

There are about twenty in the Show. Admission is 50¢ for adults; 25¢ for Children children under 12; children under 6 years, free.

Monday night, Feb. 17th, 7:30 p.m. P.T.A. meeting. Wear something RED in honor of St. Valentine. It's going to be an evening of contests and fun. Hostesses are Neva, Iva, Irene, Katie, Naomi O'Neal and Ellen Robinson.

Tuesday, March 4th, Circle 1 of the Methodist Church meeting at Church Recreation Hall. Everyone is to make and trim a HAT to sell for 25¢ (sight unseen—bring it in a paper sack). Prizes for the best HAT IDEAS.

FILMSTRIPS SECURED FOR SCHOOL

A friend has recently provided us with a number of filmstrips. Some of these are by LIFE Magazine and are of interest to the science and history classes. Mr. Roadthaler is using in Biology Class: "The Earth is Born," "The Age of Mammals," "Reptiles Inherit the Earth," and "Metamorphosis," History filmstrips include "The American Revolution," "The Opening of the West," and "Transportation from Horseback to Jet;" Also four filmstrips of the Mediaeval period of History showing the Knight and his Training, The Crusades, the Mediaeval Manor, and the Guild System. These last-mentioned are Encyclopedia Britannica filmstrips.

WILDLIFE MOTION PICTURES

We have greatly enjoyed pictures loaned to us by the North Carolina Wildlife Commission. Among these were "Wildlife Guardians", showing the work of the game warden in conservation of wild life; "Wildfowl in Slow Motion", and "Wild Animals of the Woods." Two movies which we secured from the University at Chapel Hill were "Tar Heel State", an excellent picture about North Carolina, and "In the Name of Freedom," the story of the University of North Carolina. The Biology Class enjoyed a movie "Fossils"; 7th & 8th graders enjoyed two movies: "West Virginia" and "New Jersey" in a set of State movies they have been seeing this year in connection with their American history.

At P. T. A. MEETING, a film: WILDLIFE OF NORTH CAROLINA, sent to us by the N.C. Wildlife Commission. . . . excellent picture.
