

To All the Women Who Suffer Pe-ru-na Is Earnestly Commended

Mrs. Geo. C. Worstell, 11 River Road, Clarksburg, W. Va., writes:
"I trust that no one will think from this that I want my name in public for any cause only to let sufferers know where they may find relief from many ailments.

"I can truly say I have been much benefited by the use of Peruna. I feel better than I have for two years. It is the best medicine that I know for pelvic troubles.

"I have taken medicine from the doctors and found no relief; but when I began taking Peruna I could see that before I had finished taking the first bottle it was doing me good."

Cold Developed into Catarrh.

Mrs. N. P. Lawlor, 423 1/2 N. Broadway, Pittsburg, Kas., writes:

"Peruna is a sovereign remedy for catarrh. Last spring I caught a severe cold which developed into a serious case of catarrh. I felt weak and sick and could neither eat nor sleep well.

"A friend who had been cured of catarrh through the use of Peruna advised me to try it and I did so at once. I expected help, but nothing like the wonderful change for the better I observed almost as soon as I started taking it.

"In three days I felt much better and within a week I was well. I continued taking the entire bottle and within two weeks I was in fine health. Peruna is a wonderful medicine."

Catarrh of the Bowels.

Mrs. Maggie Durbin, 1332 North St., Little Rock, Ark., writes:

"I was troubled for five years with a chronic disease. I tried everything I heard of, but nothing did me any good. Some doctors said my trouble was catarrh of the bowels, and some said consumption of the bowels. One doctor said he could cure me; I took his medicine two months, but it did me no good.

"A friend of mine advised me to try Peruna and I did so. After I had taken two bottles I found it was helping me, so I continued its use, and it has cured me sound and well.

"If anyone wants to know what Peruna did for me if they will write to me I will answer promptly."

Pains in the Side.

Mrs. Julia Braxton, Apollo, Pa., writes:

"Peruna has cured me of heart trouble and pains in the side.

"A year ago I was expected to die at any time, and the doctor was sometimes called at two o'clock in the morning. But I am thankful to say that I do not now have to send for a doctor now.

"Since I have used your Peruna as you advised me, I am well and able to do all my housework."

"I have all the faith in the world in Peruna as it cured me and I know that it will cure others."

"I cannot praise Peruna enough for what it has done for me."

Stomach Trouble.

Miss Anna Carsten, Clayton, Ill., writes:

"Four Peruna did me so much good. I am feeling so well now and have no trouble with my stomach."

PETITION FOR REMOVAL.

Asks That Dispensary Board of Richland County Be Removed—Grounds for Petition.

Columbia, S. C., April 1.—A petition has been filed with Governor Ansel, asking him to remove from office the Richland county dispensary board of control on the ground that they have violated the law in permitting Charles Narey to operate a bottling establishment. The petitioners are Messrs. J. B. Letton and H. E. Watts, who also held bottling permits from the board.

The Richland board is composed of John J. Cain, contractor; B. M. English, farmer; and George W. Taylor, country merchant.

Under the Gary-Cochran act all bottling establishments in operation when that act went into effect on February 16th, 1907, holding a license from the State dispensary board of directors were continued as bottling plants upon the payment of a license set forth in the act.

At that time Letton and Watts were running bottling establishments in Columbia, but neither had ever obtained a license from the State board of directors. Charles Narey, a former bottler, had a license but his establishment was not in operation. He had resigned as beer dispenser about ten months or more ago and had sold, it is alleged, his plant. However, he put in his application to the board, alleging that he held the license and was entitled under the law to operate his plant as a beer bottler. The board recognized the right of Narey as well as of Letton and Watts, and all three of them have since begun operations as beer bottlers. Now Letton and Watts, through their attorneys, Bellingier & Welch, bring this action before Governor Ansel to have the county board removed for the alleged violation of law in permitting Narey to operate his plant.

Governor Ansel has taken no action on the petition, of course, and if he does act he will doubtless give the county board the right to be first heard. The attorney for the county board is Mr. John P. Thomas, Jr.

Floor of Church Fell During Funeral Service

Spartanburg, S. C., April 2.—The floor of the Macedonia church fell through with a crash during the funeral services of the Rev. J. M. Brown, former pastor of the church.

Men, women and children rushed for the doors, praying and shouting and causing a stampede among the congregation.

Several women fainted and were trampled upon, sustaining painful injuries, although no fatalities have been reported.

One of the privileges of being rich is not being afraid to carry an old cotton umbrella that bulges in the middle like a sack of flour.

MISS NETTIE E. BOGARDUS

Miss Nettie E. Bogardus, R. F. D. 21, Westfield, N. Y., writes:

"I have been a great sufferer from sick headaches, but am now entirely free from that trouble. I have not felt so well in ten years as I do now. I would recommend Peruna and Manalin to all sufferers. I will say, God bless Dr. Hartman and his wonderful remedies."

Stomach Catarrh.

Miss Julia Butler, R. R. 4, Appleton, Wis., writes:

"For the past six years I suffered with catarrh of the stomach, causing loss of sleep and appetite, with frequent severe pains after eating.

"My sister advised me to try Peruna. I took your treatment and my appetite returned speedily.

"I gained strength and flesh and am in perfect health.

"I am so thankful your medicine has done me so much good."

Mrs. O. D. Robinson, 43 St. Felix St., Brooklyn, N. Y., writes:

"I have taken Peruna and it did me more good than all my two years' treatment by special physicians. I can really say that I feel like another person. No more swollen feet and limbs. No more bloating of the abdomen. No more shortness of breath. No more stiff and sore joints. You have no idea what your treatment has done for me. It certainly has prolonged my life and made a new woman of me.

"O, such a blessing I have received through your kindness, doctor, and the assistance of the medicine which you so kindly prescribed. I am able to work since I began your treatment, but before I was not able to help myself, much less work for any one else. All praise is due to Dr. Hartman and his treatment."

Mrs. O. D. Robinson, 43 St. Felix St., Brooklyn, N. Y., writes:

Mother, Children Were Probably Burned Alive

Morganton, April 2.—A strange story has just reached here in connection with the fires that have raged on the South Mountains, near Burkemont, about eight miles from Morganton. Last Saturday a number of lumbermen who had been into the mountains and were on their return, came to the home of Mr. Singerfelt, a cripple, living several miles from town. The lumbermen were in formed by the wife of Singerfelt that her husband had mysteriously disappeared and could not be found.

As the fires in the mountains were drawing near the Singerfelt house the men, advised Mrs. Singerfelt to take her children and flee for safety, but all in vain.

Following this, news has just been received that the Singerfelt home was destroyed by fire and that no trace can be found of either Mrs. Singerfelt, children or her missing husband.

The supposition is that the mother and children were burned to death while they slept.

GOVERNOR ORDERED TO MOVE.

Gets in "Wrong Paw" and Street Car Conductor Reminds Him of Law.

Raleigh, April 3.—The enforcement of the new "jim crow" street car law on the Raleigh street cars beginning April 1, has given rise to many amusing and interesting incidents, especially notable being the fact that Governor R. B. Glenn was one of the very first citizens in town to have to be "ordered" to his lawful section of the car under the "jim crow" regulations.

The Governor hurried out of the mansion to take a car that was just passing for the union depot where he was to catch an early train for Holly Springs. He hailed the car as he almost ran from the mansion to the street and when he climbed in at the rear seats and sank into one of the nearest seats.

Under the new law the rear seats are for negroes and so the conductor under imperative orders to enforce this law promptly informed his excellency that he could not occupy that seat and must move to the other end of the car. The Governor promptly complied and expressed his gratification a tt his illustration of efforts at enforcement of the law.

Forest City depot burned. Rats Probably Set Fire.

Rutherfordton, N. C., April 3.—The Southern depot at Forest City was burned at 2 o'clock this morning. Nothing was saved.

It is supposed to have been set on fire by rats cutting matches.

English Immigrants in Shanghai Apprehensive.

Victoria, B. C., April 3.—President Maria, of the board of trade, who has returned from the Orient, says the English residents of Shanghai are fearing a revolution in which the colony will be wiped out.

Violent Earth Shocks Felt

Ponta Delgada, Island of St. Michaels, Azore Islands, April 2.—Violent earthquake shocks prevailed throughout the island during the night.

The worst disturbance occurred at Villa Franca, where the panic-stricken people fled to the outskirts of the town.

The wealthier inhabitants are leaving Villa Franca, the ancient capital of St. Michaels.

SELECTS HONOLULU SITE

Washington, April 3.—The Treasury Department has selected a site for the new public building at Honolulu, Hawaiian Islands. The property is located on King street, running through to Merchant street, and is to cost \$104,125.

President Talks More.

Washington, April 2.—"So much for what Harriman said about me personally," says the President, in concluding his first letter to Sherman. Far more important, the President regards the additional remarks which Sherman said Harriman made to him when he asked him if he thought it was well to see "Hearstism and the like" triumphant over the Republican party.

"You," says the President, "inform me that he told you that he did not care in the least because those people were crooks and he could buy them." This the President says was doubtless partly in boastful cynicism and partly in the burst of bad temper, but it showed in the President's opinion cynicism and deep-seated corruption which he denounces in strong words.

A Tremendous wave was Encountered by Neptune

New York, April 2.—A tremendous wave, which the captain believes resulted from an earthquake under the bed of the ocean, was encountered about three hundred miles off the Atlantic coast of South America February 26 by the steamer Planet Neptune.

During the few moments when the Neptune was struggling with the great wave the sea in all directions was covered with foam and the water whirled and dashed in all directions.

Identification by Palate.

Vienoa, April 2.—Dr. Prager, an army surgeon, who has made a special study of methods of identification recommends identification by the shape of the palate.

He maintains that it is far more certain than finger print identification.

Did Little Boy Help Robbers?

The store of the Southern Hardware Company, on the southwest corner of Trade and Church streets was entered Tuesday night and 25 or 30 revolvers and more than 500 rounds of cartridges taken from the front show case.

A new \$60 overcoat, belonging to Mr. W. W. Watt, and \$6 in cash was stolen.

An entrance was effected by the aid of a small boy, who descending the narrow stairs on the Church street side of the building leading from the sidewalk to the basement, crawled through the narrow aperture between the last step and the ground, which, by actual measurement is scarcely eight inches wide. Thence the boy crawled through the window into the basement. The ground beneath the steps shows very plainly where it had been scratched as if by shoes. Fresh earth was visible in several places and the small opening between the last step and the ground shows evidence that a body had been shoved through it.

Inside the basement the supposed boy walked up the stairway to the main store room and opened the door in the rear, through which his confederates entered. Nothing was taken from the rear part of the store, but going straight to the front the robbers picked up the show case in which the revolvers were displayed and took all save two or three. Then turning to the shelves behind them cartridges to fit the revolvers were carefully selected. The booty was wrapped up in a horse blanket which had been cut and a portion of it left on the floor.

In the show case were two Remington double derringers, four or five 32 and 38 calibre Smith & Wesson Colt, two 22 calibre Smith & Wesson side ejectors, and about twenty 22 and 38 calibre Smith & Wesson revolvers. All were high priced, the value of them being estimated at from \$250 to \$300.

On their way out of the store the robbers picked up the cash register and carried it to the basement where it was prized open and the contents, amounting to \$6 or \$7, removed. A half-dozen or more lap robes and a hammer, taken from the tool box, was found near the demolished register, showing that an attempt was made to break it open and that it was wadded in the blankets in order to muffle the noise. The Southern Hardware people and the police are inclined to believe that the removal of the hammer from the tool box is evidence that the robbers were familiar with the store.

Leaving the basement they looked in the office, which is also in the rear of the store room, and took with them a new \$60 overcoat which had been left there Tuesday by Mr. Walter W. Watt. With these scant clues the police are working on the case.

FRUIT NOT KILLED.

Frost Heavy But Low Temperatures Didn't Last Long.

The frost that covered the ground Tuesday morning did little damage owing to the few minutes duration of the low temperature of 32 degrees. It is generally reported that fruit has not been injured. The plants of tender foliage and budding fruit trees were injured while the plants of larger foliage and matured growth have suffered very little.

A killing frost was reported Tuesday morning at Wilmington, and it is said all vegetables and fruit have been damaged, especially those of little foliage. A heavy frost was reported at Raleigh with freezing temperature and at Asheville the minimum temperature was 28 degrees.
