31 Die Violently In Carolina

Students Ordered To Move

WASHINGTON — Ten Negro students staged an Independence Day march on the capitol steps urging Congress to grant Negro servicemen and veterans "immunity" from southern segregation laws.

Police broke up the demonstration after 15 minutes, however, under a law which bars sign carrying and passing out handbills on the capitol grounds.

The students all neatly dressed, left quietly when told of the law. They had carried signs reading "Why Aren't Negroes Free?"

Raleigh's Women Voters Announce Future Plans

The women of Raleigh really came of age May 28 and June 25 when they went to the polls in great numbers and voted. Credit for this was due to the fact that women were organized into a group called "Women for Grady Davis."

Although Dr. Davis was not elected, the women felt that they had won in their effort to get the people out to the polls and that they should continue their task of getting Raleigh citizens of voting age registered.

Mrs. Vivian Brown, who was the chairman of the Women for Grady Davis called a group of women together recently and announced the disbandment of the organiza-

tion and stated that there was an immediate need for another women's organization. Mrs. Bertha

Wrecks And Drownings Take Greatest Toll

North Carolina's July 4th holiday traffic death toll climbed to at least 18 for the 78-hour period, sending the state to near the top in the nation for highway deaths. 31 died violently altogether over the weekend.

The North Carolina Motor Club had predicted that at least 16 persons would be killed on tar heel roads during the weekend which ended at midnight Monday but with 12 hours left, the total had already reached that mark. The figures compared with 9 killed during the 54-hour holiday last year.

Another big weekend killer was drownings which claimed at least 7 lives in North Carolina. Four persons were shot to death and two others were fatally stabbed, pushing the violent death toll for the state to at least 31.

A late weekend accident claimed the life of 3-year-old Steven Suttphin of Sanford who ran into the path of an oncoming truck Monday night near his home.

Andrew Delaney Ennett, 72, of Swansboro, died Monday of injuries received Friday in a head-on

In Policeman's Death:

Faust Sentenced To Die In Gas Chamber

CHARLOTTE — The death sentence imposed on a Negro convicted of killing a young policeman presents the State Supreme Court with a case in which the prosecution carefully skirted the touchy capital punishment controversy.

Prosecutors explained after the all-white jury convicted Mallot Faust that they had refrained from discussing the question in the courtroom. The jury deliberated a-

bout an hour Friday before finding the 21-year-old man guilty of first-degree murder in the death of white policeman John R. Annas.

Judge Jack Hooks sentenced Faust to die in the gas chamber Sept. 2 but the execution will probably be delayed because of automatic review by the Supreme Court which will not

Decomposed Body Of Va. Ice Cream Salesman Found

WILLIAMSBURG, Va. — The badly decomposed body of a Newport News ice cream salesman missing since June 23 was found late Saturday in a wooded area near here.

State police said W. C. Noblin may have been the victim of foul play. State investigators planned an investigation where the body was found, five miles from Williamsburg.

A truck owned by the Best-Ever Ice Cream Co. of Newport News, Noblin's employer, was parked five feet from the body. The body was on a remote forest trail.

State Trooper Lonnie Craft said authorities had not been able to determine how long Noblin had been dead. Only bones remained of the head and hands and the rest of the body was badly decomposed.

Craft said there was a large hole in the skull. The trooper said the wound and the unusual circumstances of the man's death led investigators to suspect murder.

Noblin still had money in his pockets and robbery was apparently not the motive.

Craft said the body was taken to the state medical laboratory in Richmond for autopsy.

First Lunch Counter Protest Held In City

FREDERICKSBURG, Va. — Negroes staged lunch counter sit-downs at three variety and drug stores Friday to mark the first such demonstration in this northern Virginia city.

Managers of F. W. Woolworth and Grant's Drug Store closed their counters as soon as the Negroes took seats.

Groups of three or four Negroes sat quietly at each place. There were no other customers and employees were ordered from behind the counters.

At the People's Drug Store, white patrons, apparently anticipating the Negroes' arrival, filled all the

Guilford County sheriff's deputies held Charles W. Milton, 22, in the death of his wife, Mrs. Florence Milton.

Officers said Milton shot once through a wall of their home, re-

ODDS-ENDS

BY ROBERT G. SHEPARD

"Blessed is he whose transgression is forgiven."

WHERE DO WE STAND?

A friend of ours recently saw a group of youngsters pull the alarm on a fire alarm box. There church time, it was Sun. morning, church time, the alarm box was near the church on one of the city's busiest thoroughfares.

When the fire trucks responded to the call they found no fire because there hadn't been any fire. However, many lives had been endangered, taxpayers money had been wasted and a great deal of fear and apprehension had been aroused.

When this friend of ours was asked if he knew the person or persons responsible for the call, he gave their names and addresses. They were later arrested for turning in a false alarm.

Since that time our good friend has been subjected to a great deal of name calling and abuse by supposedly law abiding Christians. These persons have said that although he saw and knew the young men who committed this unlawful act, he should have denied knowing anything about it. Some

Local Girl Addresses Nat'l Meet

JANESVILLE, Wis. (ANP) — Some have lost jobs, homes and even their lives in the struggle for civil rights in this country.

For a 16 year old girl from Raleigh, N. C., losing a sweater during a lunch counter sit down demonstration was a great sacrifice, as great to her as loss of a job might be to another.

TELLS OF EXPERIENCES

Miss Barbara Lightner, a Wisconsin visitor for the recent National Association of Student Councils' meeting at Janesville, told of her experience as a sit-in demonstrator in her home town.

The teenager has completed her junior year in Ligon High School, a school for Negroes.

"Being a Negro and living in the South, you can't stand aside from the race problem," she explained.
