

10 College Students Awarded Scholarships By Foundation

CHICAGO, Ill. — Ten outstanding Negro college students have been awarded four-year medical scholarships from a \$60,000 grant announced today by the Alfred P. Sloan Foundation, and National Medical Fellowships, Inc., of Chicago.

A step toward helping alleviate the critical shortage of Negro doctors in the U. S., the first National Medical-Sloan Foundation awards were made possible by a \$60,000 contribution from the Sloan Foundation for the 1960 school year.

Announcement of the grant was made jointly by Dr. Arnold J. Zurcher, Executive Director of the Sloan Foundation, and Dr. Franklin C. McLean, emeritus professor of physiology at the University of Chicago, and Secretary-Treasurer of the NMF.

According to EBONY Magazine, whose August issue explains the work of National Medical Fellowships, there is only one Negro doctor to every 4,567 non-whites, an alarming statistic considering that one physician to every 770 persons is the desirable ratio for effective medical care.

Bennett Alumni Initiate Self-Endowment Program

NEW YORK — Alumni of Bennett College, Greensboro, N. C., initiated a self-endowment program for their alma mater during July, according to Dr. F. D. Patterson, chairman of the board of trustees. The initial \$1,000 payment, on a 35-year investment program in mutual funds, was made in the offices of Hamerslag, Borg and Co., New York City, July 6.

"After 15 years, the earnings achieved through this cumulative investment program should provide an increasing return for the col-

lege every five years," Dr. Patterson said.

"Under our country's present rate of growth, the self-endowment program will mature in 75 to 100 years. Then it should provide Bennett with an annual \$100,000 income for the following 96 years.

"Or—if the trustees prefer—the total remaining equity may be withdrawn in one lump sum. It may be difficult to realize the fact," Dr. Patterson said, "but at maturity the value of the equity should be in the neighborhood of two million dollars. It should be a thrilling experience for any alumni group to see the end point in a program of this type."

Bennett is a charter member of the United Negro College Fund, founded by Dr. Patterson in 1944 as America's first educational community chest.

"Like many of the Fund's 33 member colleges, Bennett has been an integral part of America's system of higher education for nearly a century," Dr. Patterson said. "The great public universities and the small private colleges have existed side-by-side over the years. They must continue to do so for the educational health of the country."

CINCINNATI, Ohio — Rev. L. V. Booth, pastor of Zion Baptist Church, having recently edited a volume "Who's Who In Baptist America" honoring the late Dr. W. H. Jennings, is also co-author of a hymn dedicated to this late Baptist leader entitled "Brothers Joined in Heart".
