

Yes, We All Talk

By Marcus H. Boulware

The Substitute Motion
QUESTION: Can the substitute motion be amended? I was recently in a meeting when the chairman ruled the amendment out of order.—MRS. T.P.V.

ANSWER: Yes, a substitute motion may be amended. And may I add that the original main motion may be amended even though a substitute motion has been offered. What usually is done is the organization is given an opportunity to discuss both the original motion and the substitute. Usually the club is given an opportunity to perfect the original main motion first, and then the substitute motion.

It seems to me, however, that if it takes considerable amending and a substitute motion before the members are satisfied, it would be better and more expedient to vote against the original main motion. The organization could propose a new main motion for consideration. A well-phrased motion rarely

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months! In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in *suppository* or *ointment* form called *Preparation H*. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Senate Survey Shows 70,000 Southern Sepians Farmers

BY ALICE A. DUNNIGAN

WASHINGTON (ANP)—Southern Negroes make up one of the largest groups of migratory farm workers in this country today, according to a 79-page booklet released last week by the Senate subcommittee on migratory labor.

This study was released just as the committee chairman, Sen. Harrison A. Williams was preparing to open three-days of hearings in Fresno, Calif.

The Senator from New Jersey said the government has no "cure-alls" or preconceived "solutions" for the problems facing these workers. But he said, his committee wanted to get first hand information on the conditions under which

they must labor.

"SECOND LARGEST SOURCE"
The study made by the subcommittee pointed out that the southern Negro is the second largest source of domestic migratory labor.

Two years ago it was reported that more than 50,000 Negroes left Florida to work for the summer in fruit and vegetable fields on the eastern seaboard states.

This group was joined by 10,000 persons from Mississippi, over 5,000 persons from Georgia and Arkansas and approximately 4,000 from Missouri and South Carolina.

The largest group of workers were Texas-Mexicans. This is a term commonly applied to those

Texans of Mexican or other Latin American origin.

Approximately 63,000 of these leave their homes annually to work from the hand labor on thousands of farms extending from Ohio and Michigan to the Pacific coast.

Another large segment of migratory workers came from Puerto Rico. There are still a few "Okies" among the group of migratory workers, a few "winos" and some from "skid row."

The Puerto Rican government enacted legislation in 1948 that farm labor could not be recruited to the states except through the employment agency of that country. The number of workers under this agreement has increased steadily, from less than 5,000 in 1948 to nearly 14,000 ten years later. In addition to a large number of workers called "freewheelers" or "walk-ins," come over each year on their own.

Miss Dorothy Little Weds Wm. F. Kornegay

TALLAHASSEE — Miss Dorothy Louise Little and William F. Kornegay were married recently in the Bethel A.M.E. Church. The Rev. A. Joseph Reddick, pastor of the church, officiated during the impressive ceremony which was filled with the proper air of solemnity and dignity.

Mrs. Kornegay is the daughter of Mrs. Maxie Little and the Rev. Allen F. Little. The bridegroom is the son of Mrs. Christelle Tyson of Apalachicola and the late J. Lee Kornegay.

Miss Marva Wyche, church organist presided at the organ throughout the nuptial rites and Mrs. Wendolyn Johnson and Miss Laureline Walton furnished appropriate vocal numbers.

The sanctuary was decorated with tall standards of white gladioli, pom poms, shasta daisies, palms and other greenery. Family pews were marked with large white satin ribbons, mums and greenery.

The bride was given in marriage by her brother Alpha Omega Little of New York City. She wore a gown of pure white silk organza

fashioned with a sweetheart neckline edged in appliques of floral sprays of lace embroidered in iridescent paillettes. Her long sleeves ended in dilly points at the wrists. The fitted bodice and skirt were accented with embroidered medallion. The center front was designed with embroidered open scalloped panels. The back skirt was made with full gorgeous rows of ruffles extending into a cathedral train.

Her fingertip veil of illusion fell from a tiara of lace embroidered in seed pearls. She carried a white Bible covered in white lace and topped with a white orchid showered with lilies of the valley with satin streamers entwined in polished ivory.

The bride's only jewelry was a sterling silver iridescent pearl, a gift from the groom.

Mrs. Johnnie Ruth Daniels, cousin of the bride, served as the matron of honor. Other attendants were Miss Dorothy Westmore of DeFuniak Springs; Mrs. Anita Wright, Atlanta; Mrs. Joeline Hayling and Mrs. Barbara Noble of Tallahassee.

2 FSTC Teachers At Confab

FAYETTEVILLE — Thomas B. Bacote, for the past two years, director of the college band and instructor in music at the Fayetteville State Teachers College, attended the 12th Annual National Band Conductors Conference held at the University of Michigan, July 18-22.

Visiting instructors came from several American Universities. Mrs. Pauline Moore, who is director of Student Teaching at the College, will be in attendance at the annual meeting of the National Association of Student Teaching which convenes August 16-24 at Northern Michigan College at Marquette, Michigan. The theme of the forthcoming meeting is "The Role of the Public School in Teacher Education."

Each of these meetings is national in scope and teachers from many sections of the country are expected to attend.

Floyd Patterson, Jr. Weighs In At 8 Pounds, 2 Ounces

NEW YORK (ANP)—Heavyweight boxing champion Floyd Patterson and his wife Sandra last week celebrated the birth of their second child, born in a Catholic hospital here.

Named Floyd Patterson is for his illustrious father, the infant weighed in at 8 pounds, 2 ounces.

The Patterson's other child Seneca, was born on Nov. 30, 1956, the night Floyd knocked out Archie Moore in Chicago to become the youngest heavyweight champion in ring history.

He stopped Ingemar Johansson of Sweden in three rounds in their rematch here last June 20 to become the first man to ever regain the heavyweight title.

"A rumor is about as hard to unspread as butter."

Honor Roll At Shaw University Revealed

The honor roll for the second semester at Shaw University has been released by the Registrar and lists 57 students. They are as follows:

FRESHMEN: Willie Ethel Batchelor, Tarboro; Mary H. Burch, Fayetteville; Ophelia Davis, Council Bluffs; Louis Hall, Leland; Rydonia Henderson, Philadelphia; Joanne Pretty, Raleigh; Ellen J. Spivey, Louisville.

SOPHOMORES: James D. Ballard, Winston-Salem; Luther Dowdy, Sparrows Point, Md. Maelene Dunn, Statesville; Lois Lane, Brooklyn, N. Y.; Eugene McCullers, Garner; Gloria B. Nimmo, Greenville; Bettie D. Ridley, Raleigh; Barbara A. Smith, Winston-Salem; Cynthia Williams, Newport News, Va.

JUNIORS: Lawrence Allen, Raleigh; Lucille Batts, Wilson; Lucy Mae Bunch, Raleigh; Marjorie Credie, Belhaven; Etta C. Davis, Louisville; Janice Demory, Weldon; Glenfield Knight, Camden, N. J.; Herman Latta, Raleigh; Charles Moseley, Asheville; Tyrone C. Reece, Raleigh; Sylvia Sifford, Mt.

Holly; Crawford Smith, Creedmoor; Christine Whitted, Goldsboro; Delores Williams, Tarboro; Lizzie S. Wilson, Raleigh.

SENIORS: Garland Brown, Roanoke Rapids; Carrie Brock, New Bern; Richard Burrell, Raleigh; McLouis Clayton, Roxboro; Mae H. Covington, Wadesboro; Lual M. Dawson, Vanceboro; Richard E. Feinster, Robersonville; Josephine Glasco, Brooklyn, N. Y.; Mary L. Hudson, Robersonville; Josephine Jackson, Henderson; Bertha L. Lowery, Gastonia; Sandy F. McKay, Laurinburg; Vivian D. McKay, Lillington; George Mask, Raleigh; Glenford Mitchell, Kingston, Jamaica; Addie S. Perry, Raleigh; Doris Taylor, Creedmoor; Mary M. Taylor, Zebulon; Maudie A. Thompson, Battleboro; Margerite Wells, Wilson; Jenny M. Penny, W. Palm Beach, Fla.

UNCLASSIFIED: Felton Davis, Louisville; Benjamin Foust, Graham.

SCHOOL OF RELIGION: Louis Wade, Durham; Johnny White, Clinton; Leon White, Wake Forest; "All A's"

Muslim Leader Blasts Those Opposing His Islamic Center

CHICAGO, Ill. — In a rare display of anger, Elijah Muhammad, spiritual leader of America's Muslims, last week blasted the Negro and white "enemies of Islam" in Chicago, who are working hand-in-hand to block his plan to build a huge "Center of Faith" on the city's Southside.

The fiery Muslim head scolded the "so-called Negroes" for "making agreements with the enemies of Islam," and pointed out that his ultimate aim is to elevate the black men and women of America "to the highest position that can be obtained by man."

The "Center of Faith" or "Islamic Center," which according to blueprints already drawn, will house around 5,000 in its Mosque, and will have a college for boys

and girls, a library and a hospital. Located on the far Southside of Chicago, between 85th and 86th Streets on South Parkway, the huge tract of land was purchased to accommodate the increasing numbers being added to Mr. Muhammad's followers.

Warns of Retaliation
Speaking directly to those who are fighting to keep them from making use of the property they have already purchased, Elijah Muhammad issued an unmistakable warning when he said, "We did not buy the site for an Islamic Center to sell to anyone at any price, but if we are forced by the city to give it up or sell it—by the help of God, Allah—we will most certainly retaliate. This we are assured of."

Replacement Of Cotton Choppers By Technology Widely Reported

The backbreaking chore of chopping cotton, which traditionally has provided seasonal employment for some white and colored people of towns and cities of the South, is increasingly yielding to farm technology.

The July issue of "Farm Labor," of Agriculture, says: "It appears published by the U. S. Department that the challenge (controlling weeds and grass in cotton) has been well met not only by the 'man with the hoe' but more than ever before by operators using newest herbicides and flame cultivators. Replacement of cotton choppers by other weed control methods is widely reported."

The decline in the need for choppers is reflected in the drop in the number of farm workers in the South. During the survey week of June 13-25, there were 373,800 fewer

persons at work on farms in the Southern region than the average for the same period over the past five years.

For the Nation as a whole, 8,271,000 persons were at work on farms during the survey week, compared with 8,651,000 during the corresponding week last year, and 8,977,000 during June of the past five years. The 373 decline in farm employment in the South accounts for more than half of the total drop.

For family fun—try reading aloud! During National Library Week, visit your library—614 Red Cross Street. Take home a book the whole family will enjoy. Enrich your home-life.

In agriculture, as other businesses, the consumer is king.

HAVING TROUBLE WITH RAZOR BUMPS?

C. Pictured here are, seated, left to right: Kermit Hall, general convention advisor; Belford V. Lawson, local convention chairman; Myles A. Paige, general president; Edward J. Austin, president—Mu Lambda chapter. Standing, left to right: Millard R. Dean, director of public relations; Newman C. Taylor, president, Beta-Mu Lambda Corporation and C. C. House, convention co-chairman.

Artistry Of American Shoes Is Shown In NY Leather Exhibit

NEW YORK — Modern, classic and avant grade masterpieces of show styling were unveiled here at the headquarters of Leather Industries of America, converted into an art gallery for a special press preview of fall footwear.

Masterpieces were created specifically for fashion editors of leading newspapers across the nation who gathered in New York to preview fashions in shoes, apparel and accessories for the fall-winter season.

ered gallery were the newest fashions in men's, women's, children's and teen's shoes. Also, compositions of leather apparel, handbags, gloves, belts, luggage and small leather goods.

On View in LIA's multi-chambered gallery

Drive To Aid Burned Child Still Underway

ADDOR — A drive started recently to aid a little five year old burned girl of Addor, N. C. will continue through July according to Mrs. Felton Capel, Chairman.

cause of severe anemia. Despite all her suffering, Angela has remained cheerful and according to the doctors is now progressing satisfactorily.

The little girl, Angela McLean, was playing around a fire at her home on Christmas Eve '59 when her clothes became inflamed. She received severe burns over most of her body and has been hospitalized since then.

Angela has several sisters and brothers and her parents are not financially able to pay mounting hospital and medical bills.

During this long period of hospitalization she has had to have very close medical attention - being on the "Critical List" several times. She has had a large amount of special medication as well as many blood transfusions because of severe anemia.

She has celebrated her 6th birthday while in her hospital bed and like any other youngster is anxious to enter school in the fall; that cannot be determined at this point.
