

Knife Victim, Reported Dead, Turns Out "Very Much Alive"

ATLANTA (ANP) — Atlanta police are embarrassed but feeling a little better. There has been one less homicide than they had recorded.

One day last week a homicide detective lieutenant reported with a grim, solemn face that Atlanta's 35th homicide had been recorded with the supposed death of Charlie Eugene Mitchell, 36, at Grady Hospital.

Later that night reports declared that Mitchell had died in the operating room despite the 25 pints of blood that had been pumped into his limp body.

The story went out that way to the press and Mitchell was officially listed as a homicide victim. Investigating detectives even used their off day Sunday to report for work and type up an official, written police account of the "homicide."

"BETTER WAIT TILL HE DIES"
Then an ambulance driver for a local funeral home arrived at the hospital to pick up Mitchell's body.

The driver was told sharply that he had better wait "until he dies first." That was the first shock that led police officials to retrace their steps and re-investigate the supposed death of Mitchell.

FAMU Gets \$50,000 For Scholarships

TALLAHASSEE — Florida A and M University got \$50,000.43 from the special days set aside for scholarships at the state's several horse tracks, dog track and jai-alai frontons. The announcement was made by the State Board of Control.

The annual split goes for scholarships for state universities. This year, from a kitty of \$366,894.43, Florida State University and the University of Florida got the same, \$157,347 each; FAMU \$50,000.43 and the University of South Florida, \$10,000.

The 10-year breakdown released by the Board of Control shows that the University of Florida got \$1,648,447.44, Florida State received \$1,079,671.85, and FAMU's share was \$393,693.90. The newly established USEF got \$10,000.

He has been commissioned 2nd Lt. in the Corps of Engineers in the U. S. Army. While a student at Hampton, Davis held many important positions, including president of the senior class and president of the student body. He is presently stationed at Fort Belvoir, Va., and plans to seek a master's degree upon his release from the service. He graduated from J. W. Ligon High School here in 1955.

Homicide Detective J. C. Smith went to a room on the fourth floor of Grady Hospital and there, despite what police homicide reports had said, Mitchell was very much alive and expected to pull through fine.

VERY MUCH ALIVE
As a matter of fact, Smith reported, Mitchell asked the detectives to arrest the woman who had allegedly stabbed him during a dispute.

Police said they had already arrested Mitchell's wife, Mrs. Marie Alford, 36, and booked her in City Jail on suspicion of murder.

Well, interestingly enough, Mrs. Alford reportedly already knew that Mitchell was not dead, and wondered why she was still being held under suspicion of murder.

Mrs. Alford's family and friends were at police headquarters asking the same question.

2 Mass Meetings Planned For March On GOP Meet

CHICAGO, Ill.—The entire Chicago community is rising at the occasion by planning two mass meetings for July 24th, one at 3 p.m. at Liberty Baptist Church, 4859 South Parkway and the other at 8 p.m. at Stone Temple Baptist Church, 3622 West Douglas Blvd. These meetings will launch the **MARCH ON THE REPUBLICAN CONVENTION** that will take place on Monday, July 25th starting at Tabernacle Baptist Church, 4130 S. Indiana Ave. marching down 43rd

St. led by Rev. Martin Luther King, A. Philip Randolph, Roy Wilkins and three Southern Student Leaders, Bernard Lee, Diane Nash and Marion Barry.

Dempsey J. Travis, president of the Chicago branch of the NAACP, says that he is proud to have the honor of sponsoring this Mass Meeting which will be a milestone in the fight for freedom now. "... this meeting will make it abundantly clear that the Negroes in the city of Chicago and the nation generally want the Republican Party to make a civil rights plank that even I can stand on."

Rev. J. M. Stone who is the host pastor for the Westside meeting said, "I never cease to be amazed by the chicanery of the present administration, both legislative and executive. Senator Johnson and the other congressional leaders took months to pass a civil rights bill that was as weak as water.

Then it took them twelve hours to cut Cuba's sugar quota ... since they work so fast on sugar and so slow on human lives, we, Negroes, are going to have to show them who elects presidents in this country.

The list demands that will be presented as a part of the MARCH besides the general requests for civil rights legislation is a mandate upon the presidential candidate that he will pledge himself to issue Executive Orders to eliminate school segregation, discrimination in housing and voting.

For He is not a God of the dead, but of the living; for all live unto Him —(St. Luke 20:38)

God, love, wisdom, mercy, an ever-present help, is all around us each minute of our lives as is the very air we breathe, made a living, wonderful reality attainable by each of us through His Son, our Savior, Christ Jesus. When we neglect the daily opportunity to live within His love, we are but merely existing.

Lambert kissed me early last spring, James, in the fall. But Richard only looked at me. And never kissed at all.

Lambert was just out for fun, James was out to clown. And Richard only looked at me. But always came around.

Lambert's kiss was lost in jest, James' lost in play. But the look in Richard's eyes, is with me night and day.

"Integration Problem" Causes Amvets To Change Meeting Site

MACON, Ga. (ANP) — A Georgia Amvets convention billing Sen. Talmadge as main speaker was moved to Macon from Jekyll Island because of the "integration problem" it was disclosed last week.

Henry B. Smith, president of the Georgia Amvets corporation said, speakers had already been lined up and some 269 rooms reserved for whites and 24 for Negroes when word came to stay off the state-owned resort island.

"booking" the convention there when "the problem of integration" came up a month or two ago.

The convention, originally announced at the Jekyll Island auditorium for July 16-17, was rescheduled for a Macon hotel for July 29-31 with the same slate of speakers Smith said.

Smith said Negro delegates to the convention Macon would be housed in a Negro hotel or Negro motel. It had first been planned to house them in a Negro motel on Jekyll Island, he said.
