NC Couple Found Dead In An Auto

SCHENECTADY, N. Y.—A man and woman from North Carolina were found dead of bullet wounds Saturday in a car parked in a lot near a rooming house.

District Attorney Morris M. Cohn said the case was an "apparent murder-suicide."

Dead were Miss Sweetie Mae Bright, about 40, of Hamlet, N. C., and Brady L. Utley, 27, of Rockingham, N. C., a construction worker. Both were Negroes.

Police said the pair apparently had been sitting in the car for about two and a half hours before the shooting at 8:37 a.m.

A witness told police she saw the woman throw her arms around the man shortly before three or four shots were fired.

THE CHICKEN AND THE EGGS

You are familiar with the old question, "which was first, the chicken or the egg?" When you say the egg was first, you then face the task of explaining where the egg came from.

We certainly have no intention of trying to answer about the egg. We know it must have preceded the chicken, so it must have been first. Putting first things first is really what we have in mind in writing this little item.

Knowing so firmly that the equality of man is basic and fundamental, God, the Creator of man,

Jacksonville, Fla. Racial Uprising One Of Many Throughout U. S.

JACKSONVILLE, Fla. — A Jacksonville municipal judge sentenced 83 persons Monday for taking part in a weekend of racial strife that left at least 65 persons injured and one dead and resulted in property damage and "drastic" police measures.

Shortly after the rapid-fire hearings, a white construction worker attacked and injured a white student, Richard Frank Parker, 25, who was cited by Judge John Santora as a main "inciter" of the violence.

MAN IS KILLED

The city's first death was recorded Tuesday when Edward Davis, 27, an ex-convict, fired shots into a service station, then fled when his automobile, pursued by police officers, crashed into a utility pole. A

man riding with him was hurt in the smash-up.

In other racial developments: —A Negro and a white sympathizer were charged in Memphis, Tenn., with interfering with public worship and disrupting church services for their part in a Sunday "kneel-in" attempt to integrate a church service. The arrests were believed to be the first since the

"kneel-in" movement in churches to integrate lunch counters —A teen-aged NAACP member was convicted in Winona, Miss., of disturbing the peace and resisting arrest for riding in the white section of a bus. "Philly" Ready To Host Baptist Meet

PHILADELPHIA (ANP)—Final plans are completed for the arrival Sept. 6 of perhaps the biggest National Baptist Convention, U. S. A., Inc., in the history of the 80-year-old denomination.

Over 30,000 delegates from 48 states are expected to converge on the city's hotels and motels for sessions which get underway on Sept. 6.

Some will stay with families which have volunteered as hosts. Others will be quartered at the Benjamin Franklin, Sheraton, Penn Sherwood, Adelphi and Bellevue Stratford hotels.

There still remains a problem of housing women delegates according to Dr. Primrose Funches, national field worker. Dr. Funches said there has been no difficulty finding quarters of male delegates, but that most families seem unwilling to house female delegates.

Principal issues at stake during the forthcoming meeting will be the election of a president and the Convention's resolution that the United States make available to the Congo Government federal aid during the present crisis.
