St. Augustine's Receives 50 G's For Summer Institute In Science

Dr. James A. Boyer, president of Saint Augustine's College, announced that the National Science Foundation has awarded Saint Augustine's College a grant of \$50,200.00 for support of a "Summer Institute

in Science for High School Teachers of Science," under the direction of Dr. Jeffrey Gipson, Head of the Chemistry Department; Dr. Prezell R. Robinson, Academic Dean will serve as Association Director.

This program is designed to help high school teachers to improve their subject matter knowledge.

Fifty participants will be selected who will receive a stipend of \$75.00 per week, travel allowance and \$15.00 per week for two dependents.

The Institute will run for six weeks beginning July 3, 1961.

A&T Gets \$116,800 Grant For Two Science Institutes

GREENSBORO — A&T College has been awarded grants totaling \$116,800 by the National Science Foundation for the operation of two summer institutes for teachers of science in high schools.

Announcement of approval of the grants was made this week by Dr. Samuel D. Proctor, president. He said that one of the programs, the Summer Institute in Sciences, is similar to those which have been operated at the college for the past two summers.

The second and new one, the Summer Institute in Chemistry, is different in that it will offer courses in chemistry paralleling those required for a major in the field, given in sequential order leading to the Master of Science degree.

The new Institute, to be conducted for nine weeks, beginning on June 12 and ending on August 11, will permit the participant to earn 15-quarter hours each summer to-

wards the graduate degree. Applicants who have attended one of the Institutes at A&T College or have completed essentially the same courses at another National Science Foundation sponsored institute will receive priority in selection as participants. Applicants who have had similar required courses at other institutes or at graduate school will also be considered.

Rent! — Party & Banquet Needs

- Folding Chairs—15c
- Banquet Tables \$1.15

AMBASSADOR

Inquiring Reporter

BY HAMPTON HAYWOOD

Question: Are you satisfied with the quality of The CAROLINIAN?

MRS. MARCELINE SMITH, K-24, Washington Terrace—"I read the Carolinian very regularly and from what I do see I would like to see less crime news on the front page and better follow-up on the other news."

MR. ARCHIE MATTHEWS, B-11, Washington Terrace—"I am very much satisfied with what is already in the paper. I don't think anything should be taken out. (Here is my subscription money.)"

MRS. JULIA NEVILLE, 6 Brunswick Terrace—"I am very pleased with the paper and I want to continue my subscription. I really enjoy reading it and it is something I look forward to each week."

MRS. LILLIAN A. HAYWOOD, 714 E. Martin St.—"I think it is a very reliable paper, but I think there is a need for another reporter to get some more of the local news other than the crime stories."

MR. JOSEPH HOLT, JR., 1018 Oberlin Rd.—"I would not like to see anything taken out of the paper, but I would like to see better and clearer photos. I also think that more up to date sports articles and some improvements in editing would also improve the quality."

MISS CLARA RAY, 1210 Walnut Street—"I enjoy reading The CAROLINIAN very much. I also think it has very good quality and I am completely pleased with the paper."
