Citizens Rap Mayor:

"NO CITY JOBS"

Say Council Reneging On Job Promise

The Raleigh Citizens Association sent a letter to Mayor W. G. Enloe this week asking that a special meeting of the Raleigh City Council be called to deal with what the Association calls, "continuing racial job discrimination at City Hall."

Despite the fact that several months ago, after a lengthy session, the council passed a resolution outlawing racial discrimination in the hiring of city employees, the Association contends that up to date, not one Negro has been employed by the city for work in the municipal building above the category of laborer.

Negro Press 135 Yrs. Old

WASHINGTON, D. C. — The 135th Anniversary of the founding of the American Negro Press will be observed March 18-24, according to the statement issued this week by E. Washington Rhodes, president, National Newspaper Publishers Association, sponsoring organization of the 24-year-old annual project.

Mr. Rhodes, publisher of The Philadelphia (Pa.) Tribune, points out that special celebrations are being urged for March 16, the day on which the first Negro newspaper in the U. S., Freedom's Journal was published at New York City in 1827. The theme of the Press Week observance is "In the Freedom of the

ROBBERY SUSPECTS TAKEN TO JAIL—Greensboro police Sgt. W. J. Gibson is shown here with two of three suspects being held in connection with the robbery of American Federal Savings and Loan Association Thursday. In front is Floyd Patterson, 22, and behind him, in custody of an unidentified officer is Alfred Neal, 23. When this photo was made, the two were being escorted from the bank where the FBI and local police established operational headquarters for their investigation. The third suspect, Edward W. Pinnix, 31, is partially paralyzed from the waist down. The three were apprehended within 10 hours after the bank was robbed of \$930.

Bank Robbers Confess In Greensboro Holdup

GREENSBORO — Confessions that they robbed the American Federal Savings and Loan Association at gunpoint last Thursday and the implication of a third man were made at a preliminary hearing for the pair here Monday.

After U. S. Commissioner L. Herbin Jr. found probable cause, Alfred Neal, 2, of 1019 E. Washington Street and Floyd D. Patterson, 22, of the 500-block of Gillespie Street were bound over to stand trial in the June 4 term of U. S. Middle District Court, along with Edwin W. Pinnix, 31, of 1611 Spencer St., the man they implicated in their confession.

Bond for the trio, now being held in Guilford County jail, was reduced from \$50,000 to \$25,000.

Special Agent Michael Scanlon of the FBI in testimony at the U. S. Courthouse, disclosed that Neal and Patterson had signed statements before him. He said that the two men told him they were driven by Pinnix in his car to within one block of the bank on the morning of the robbery.

They got out and robbed the bank

THREE DIE IN WILMINGTON FIRE

WILMINGTON — A landlady and two male roomers died in a fire which officials say was caused by an overheated portable oil stove here Thursday night.

Dead in a fire which whipped through a three-room cottage are Mrs. Hattie Brown, owner, and Henry Whitlock, about 40, and Charles Lewis, about 50. A third roomer, Johnnie Spicer, fled before flames engulfed the building.

Authorities said that Mrs. Brown apparently burned to death while trying to help the men escape. Her body was found in the same room.

Dr. Elder Defends Rights Of Teachers And Students

DURHAM, N. C. (ANP) — A "bill of rights" which would establish guidelines for colleges and universities in carrying out their responsibilities to society was advocated by North Carolina College President Alfonso Elder in a speech at Duke University last week.

Dr. Elder spoke on the topic "The Responsibility of the University to Society" during the closing session of the three-day National Student

Association Conference for the Carolinas-Virginia Region.

Defending the right of both teachers and students to engage in social action and demonstrations, Dr. Elder said that when such actions are taken by students, the school can "only hope that a good job of teaching has been done."

The recognition of the right of students and teachers to function in a dual role, as members of the school community and as citizens of their respective local communities, states, and nations, was offered as the first guideline by the N-CC president.

Dr. Elder named "academic freedom" as the second basic right, defining it as "commitment to open inquiry and to the pursuit of truth 'wherever it may lead.'"

ODDS-ENDS

BY ROBERT G. SHEPARD

"Be not overcome of evil, but overcome evil with good."

SCRAPPING THE BOTTOM

The Defenders of States Right, a die hard organization of segregationists dedicated to the perpetuation of discrimination, injustice and racial segregation proved last Sunday that it is pretty desperate.

Any organization that has to produce a speaker of the caliber of "Bishop" Anderson to present its viewpoint shows itself to be not only desperate but also that it is on its way out. The Sunday TV "debate" was a farce.

We are not surprised at any thing that this segregation group does in its desperation. We are surprised and a bit bothered that the president of the local branch of the N-AACP could have allowed himself to lower the great prestige of the association by giving time and recognition to Anderson and the segregationists who sponsored him.

Before those self styled defenders delude themselves into believing that the uncouth utterances of the unknown person they presented last Sunday, reflects in any way the thinking of 99 and 44-100 percent of this state's Negroes, let these segregationists present just one North Carolina Negro of any stature who will endorse Anderson's state-

Enraged Guest Pumps Four Shots In Man's Body

North Carolina citizens are now being faced with another kind of crime, that of a white man getting so incensed over an argument with a Negro that he resorts to killing the Negro to abate his fury.

This happened early Wed. morning about 5 a. m. at the Carolina Hotel when Steve L. Reed, white, 21-years-old, pumped four bullets into the body of Garfield Boyd, 48-years-old bellhop, killing him instantly.

The story had a bizarre setting. It is reported that Reed was guest in his room with an unnamed white girl, who is said to have come from Wilmington, along with another white girl. They are reported as also being guests of the hotel.

Police reports show that Reed had visited their headquarters earlier in the morning and complained of having been roughed up by two bell boys, over at the hotel. Officers told The CAROLINIAN that they advised him to go back to the hotel, due to the fact that he had been drinking and when he was better composed to come back and they would see what could be done about it.

Reed is alleged to have left police headquarters, but instead of going back to the hotel, made his way to the Dixie Loan Company, Wilmington Street, broke in and stole two guns and ammunition for both. He is then reported to have gone back to the hotel and when

Charlotte Doctor Faces Murder Rap

GASTONIA — A prominent physician and Gaston County Republican leader—Dr. Harry Riddle—was jailed without bond here Saturday charged with stabbing 27-year-old Leonard Patton to death with a hunting knife.

Patton died of knife wounds at Gaston Memorial Hospital shortly before 1 a. m. Saturday.

Resident Superior Court Judge J. C. Fronberger began to hear the case Saturday morning but postponed it for a hearing Wednesday before Judge George Patton in Superior Court.

"I could see that none of the lawyers were ready for this thing," he explained. "It had all happened too quickly and nobody has his facts clear."

Riddle said that Patton had used abusive language during a phone conversation. The doctor was at his home when Patton called about 6

TRIAL BY VIOLENCE — This is what's left of the \$30,000 brick home of Dr. C. O. Simpkins, vice president of the NAACP's Shreveport, La., branch Dr. Simpkins, a longtime civil rights crusader, said this week: "I shall continue in the struggle." Skillfully detonated dynamite bomb caused 75 per cent of nearly completed home to require rebuilding. Dr. Simpkins has lost in surance on his home, office and furniture. He still receives threatening calls. Authorities have reported "no progress" as yet.

WEATHER

The five day weather forecast for the Raleigh area beginning Thursday, March 15 and continuing through Monday, March 19, is as follows:

Temperatures will average 6 to 8 degrees below normal, precipitation about three quarters of an inch Thursday through Monday. Rain over much of the area Thursday, Friday and again about Sunday and Monday. Rather cool Thursday through Saturday. Warmer Sunday and cool again the first of the week.
