Personally Speaking

Some people shy off from revealing where they stand because they claim they may hurt someone else's feelings. True, people can feel a sense of rejection if we too vigorously or violently express our viewpoint and denounce theirs. Yet it has been observed that, if sensitivity and consideration are present, there is no position that cannot be taken with dignity. And taken or given in that spirit, any stand can earn the respect of even those who may seem most opposed to it.

Have you ever asked youself this question: If every citizen performed just as you do, where would the country be? What if every fellow worked at his job they way you work, showed the same interest, the same diligence, the same faithfulness, the same skill and discipline? What would happen o our country?

Someone has aptly said that there are really only two kinds of people: those who are part of the problem, and those who are part of the solution.

Do you think only in terms of yourself - how much you can make, what can you get out of life? Those who think that way are definitly part of the problem.

Or are you concerned with the contribution you can make -how much can you give, how much you can put in? People

like that are part of the answer.

Some people treat life like a slot machine, trying to put in as little as possible, and always hoping to hit the jackpot. But I believe that people are wiser, happier and have more inner peace when they think of life as a solid, intelligent investment from which they receive in terms of what they put in. And by so doing they help preserve our free society.

Watchtower Confab Ends

The South Unit congregation of ehovah's Witnesses in Raleigh has just returned from the Courageous Ministers Assembly with word of high praise for the three-day gathering in the Greensboro Coliseum which was transformed into a giant convention hall for the July 3-15 meetings.

Joseph H. Wicks, presiding minister of the South Unit, headed the local delegation. He said delegates were there from 22 states and from Nova Scotia. He said 6,000 were expected but the final attendance umped to 11,233.

According to Wicks the purpose of the event was to hear talks and discussions on advanced Bible subjects so Jehovah's Witnesses in attendance could increase their ministerial efficiency.

On Saturday morning 251 were baptized new ministers.

Sunday climaxed the meet when R. G. Sakatos, a Watchtower Society representative from New York, spoke on "Take Courage-God's Kingdom Is At Hand."

According to Joseph Wicks the speaker said, "One thing, therefore, hat God's Kingdom will mean to all mankind is universal peace and good order, the removal of wild confusion." He then admonished the audience "Take courage because relief and blessings from God's Kingdom will come in our day."

Joseph Wicks said that all who attended the conference would now apply the counsel and instruction to their preaching and teaching work in this area. Meetings at the Kingdom Hall will resume on schedule this week.
