

THE STONEY FORK VALLEY BOYS, a quartet of Bluegrass (hillbilly) singers and musicians, who are all attending N. C. State, are pictured outside the Sidetrack Restaurant and Coffee House here. The young men performed at the Sidetrack last weekend. They are, standing, left to right: Victor Lowery, 20, a junior at State, whose major is metallurgical engineering, of Marshall; and Dale N. Lee, 20, also a junior engineer major, of Lawndale. Sitting, left to right, are: Durwood Edwards, sophomore political science major, of Greensboro; and Rodney Hutchens, junior pre-veterinary medicine major, of High Point. John Peden is operator of the Sidetrack, located on S. West Street, at Hargett, and is open to the public. (PHOTO BY ART ROGERS).

DEANS' AND REGISTRARS' HONOREES — International Business Machines Corporation, New York, and The Coca-Cola Company, Atlanta, Ga., were the recipients of 1965 "Plaques of Recognition" given for outstanding contributions to education by the National Association of College Deans and Registrars during its 39th annual convention held at Atlanta University in Atlanta, Ga. In top photo, J. William Pruett, right, public relations manager, The Coca-Cola Company, receives plaque from Dr. Edwin M. Thorpe, left, NACDR president-elect and director of admissions, Florida A&M University, Tallahassee, while left and right, center, Paul E. X. Brown The Coca-Cola Bottling Company, and Moss H. Kendrix, Coca-Cola PR-representative, Washington, D. C. and Atlanta, Ga., witness. In bottom photo, Dr. Thorpe, right, makes presentation to Dr. George Petrie, IBM, New York. Awards were made at IBM-sponsored luncheon at Atlanta University for which Dr. Petrie was speaker. Encircled are Dr. Paul Clifford, right, AU registrar, and Charles H. Boone, The Coca-Cola Company. Center panel shows, from left, Mr. Kendrix, Gordon Bynum, Coca-Cola personnel department; Dr. Albert N. Whiting, NACDR retiring president, Morgan State College, Baltimore, Md.; Dr. Ralph C. M. Flynt, associate commissioner for Educational Research and Development, U. S. Office of Education, Washington, D. C.; Dr. Thorpe and William Bass, Coca-Cola public relations department. The Coca-Cola representatives were host for reception for the Deans and Registrars held at the Americana Hotel, which with Atlanta University was headquarters for the convention.

Raleigh's Tree Society Saves 3 Oaks From Doom

As a result of a petition, dated December 17, 1964, and signed by sixty-two civic minded, tree-loving citizens of Raleigh, two oak trees have been saved at the corner of Hillsboro Street and Cox Ave. John R. Swain revised his plans for the new Voyager Motor Inn at considerable expense in order to preserve these trees which have for two-hundred and fifty years given beauty to Raleigh.

On March 25, 1965, the Tree Society of Raleigh was chartered to assist, in an organized manner, the preservation, beautification and improvement of lands in and around the City of Raleigh.

The Tree Society wishes to express appreciation to Willie York for saving two large oak trees on the property located next to the Velvet Cloak Motor Hotel, on which an addition to the motel is to be built.

IBM's new building in the 700 block of Hillsboro Street was planned so as to save the trees on the Hillsboro Street side as well as on St. Mary's and West Morgan

Branch Bank and Trust Company, located at Oberlin Road and Hillsboro Street, gave consideration to the trees on their property, and as a consequence, the trees have been saved.

On Highway 1, North, the Westinghouse Meter Division enhanced their property by saving a pine woods and by planting magnolia trees and grass, thereby giving one section of beauty to the Bellline.

Dr. Thomas F. Cannon, newly-elected president of the Tree Society, said, "Membership is open to citizens interested in trees and the natural beauty of Raleigh. The Society plans to actually plant trees for the fu-

ture. It hopes to build public opinion among adults and school children toward the appreciation of our city's natural beauty and its properly planned development. The need for planning, planting and preserving our trees is essential."

Membership Chairman, Mrs. A. F. Henderson, has expressed the hope that all Raleigh citizens appreciating the beauty of trees will join this effort to plant, save and inspire trees. She stated, "Three thousand is a conservative estimate for membership this year!"

ALL THINGS considered, the wonder to most of us is how we ever survived what we have been through.

Giving thanks always for all things—(Eph. 5:20)

The giving of thanks is so rewarding that we all want to take an active part in thanks giving. If we have an experience that makes us happy, let us tell God that we are thankful.

Are You As Penny Conscious As Mary?

To a little girl like Mary a few pennies may seem to be a lot of money. In her world a penny will buy things she wants. Things such as a piece of candy or gum or a balloon.

Mary is penny-conscious. Even so, she may not realize that a penny spent for electricity now will buy more than half again as much electric service as a penny did 25 years ago when her Mom was a little girl. Or that in Carolina she gets more electricity for a penny than most people who live other places in the United States.

The average price which CP&L customers pay for electricity they use in their homes is about 22 percent below the national average.

How has CP&L been able to keep the price of electricity coming down while most other things have been going up? By installing larger, more efficient generating plants; by adopting improved methods of transmitting and distributing electricity; and by working hard to introduce every reasonable economy, so that your penny will buy more.
