

# The Old Eye Opener

BY BILL BOWSER

FAYETTEVILLE - The North Carolina General Assembly is now in special session. Some of the members are toying around with an idea that could prove to be another obstacle to getting Negroes into office. The idea of numbering seats, and running for seats rather than against candidates, could eliminate single shot voting and make it difficult for a Negro, or Republican to be elected. This could be done by always running their strongest man for the seat the Negro is running for. This assembly seems bent on trying to protect the politician rather than the people. They are trying to make it possible for the present office holders to return to office with as little trouble as possible. They have forgotten the voters.

We hope the three judges will not be fooled or satisfied with the present efforts of our assembly to defeat the will of the court. It is easier for the judges to stop this miscarriage of justice now, rather than let it become law, and leave the burden for the people to correct. Some assemblymen believe the court is going to have to step in, and revamp whatever is done in Raleigh during this special session of the General Assembly. So they are going along with various schemes, feeling that they need not worry too much because the three judges will straighten it

our anyway. Negroes ought to keep a close eye on this assembly and to pick out those members who seem bent on trying to keep the Negro from voting his convictions. In the past, special class legislation has caused the Negro a setback in his effort to participate in politics. I think of a particular case in point, the law against single-shotting. This law has cost us our councilman in Fayetteville. The law only apply to seventeen counties in North Carolina, all counties with a good many Negroes. This law would seem to violate, or abridge the right to vote as you choose, but as yet Negroes in Fayetteville have not tested it in the courts.

Negroes should register to vote and defeat those politicians bent on denying us our rights. We can register and vote. It's so easy now to register. The requirements are so easy that almost any adult can register and vote. In Fayetteville, you can register the year round, except when the books are close, just before elections. You may register each day Monday through Friday at the Cumberland County Courthouse, up on the third floor in the Board of Elections Office, from 9:00 a. m. until 5:00 p. m. If you have any questions or problems, call 483-8677. Please register and vote. There is an election coming up this Spring. Let's register and vote.

## Equal Opportunities Campaign Needs You

FAYETTEVILLE - How much is a high school diploma worth? About \$50,000. That's the difference in earning power between a high school graduate and a dropout. So kids, learn and earn. Learn to type. Learn shop. Learn all the skills you can in school. Get into job training courses. Your color, or the way you pray, isn't going to hold you back. Things are changing. Equal opportunity does work. Get a good education and so will you. Sixty years ago, only one kid out of fifteen finished high school. These days, two out every three kids do. They're the ones who know that education equals opportunity, these days. How about you? The color of your skin isn't going to stand in your way. Things are changing. There are good jobs, jobs you can get. And there are many companies that will keep training you. But you've got to get that high school

diploma in order to give yourself an equal chance. Things are changing. Don't let lack of education disqualify you from the good things in life. Get into job training courses. Many companies offer them. Equal opportunity is in business. --- The Advertising Council.

**BOTH ATHLETES AND SPECTATORS FALL VICTIM TO ATHLETE'S FOOT, BUT IT'S EASIER TO GET RID OF NOW THAN EVER BEFORE-- THANKS TO TINACTIN, A NEW PRESCRIPTION DRUG PRODUCED BY THE SCHERING CORP.**

**SENATOR NAMED LIFE MEMBER** - Senator Clifford P. Case, R-NJ, was named a Life Member of the National Association of Colored Women's Clubs during recent ceremonies held in his Washington, D. C., offices. Seen third from left, the Senator holds plaque awarded to him as 'New Jersey Citizen of the Year' by the Northeastern Federation of Women's Clubs. Posing with the honoree, from left, are Moss H. Kendrix, head of a Washington, D. C. - Atlanta, Ga., public relations firm, who is NACWC's first male Life Member, Mrs. Naomi Y. Hatcher, Northeastern Federation president, Atlantic City, N. J., and Mrs. Mamie B. Reese, NACWC national president, Albany, Ga. Mr. Kendrix' firm, which bears his name, represents The Coca-Cola Company, Atlanta, Ga., and Carnation Company, Los Angeles, Calif., which support various projects of the noted women's organizations.

## Dr. Larkins Featured At Fayetteville

FAYETTEVILLE - Speaking at a chapel program before a student body, faculty and staff numbering 1300 people at the J. W. Seabrook Auditorium of Fayetteville State College last week, Dr. John R. Larkins, Consultant-Special Services of the North Carolina Department of Public Welfare, excited his listeners with the tremendous strides made in democracy in the past two years alone. Quote Dr. Larkins: "There still remains the problem of the assimilation of the Negro, which is a more important and fundamental problem. Assimilation involves integration. People or a group cannot become assimilated without being integrated into the economic and social organization of a community or country. As a consequence, assimilation leads to complete identification with the people and culture of the community in which the social heritage of different people become merged. In recent years there has been much talk about the integration of the Negro, but hardly any attention has been given to assimilation. It seems to me that this is the next step in the United States. Another highlight... "There should be no assumption on anybody's part that the Negro's fate can be divided from the rest of America. If the Negro does not prevail over the forces that are driving him downward, the white American will go down with him. The issue is the survival of an entire People whose basic educational, political and economic arrangements are on the verge of a breakdown."

## Fayetteville State's Day Students Set Scholarship

FAYETTEVILLE -- The Day Students Organization of Fayetteville State College is sponsoring a \$50,000.00 Academic Scholarship Fund Drive "to be used to provide Full Tuition Scholarships to deserving and worthy day students."

Tickets costing \$1.00 will entitle purchasers to attend the gala and colorful day students all-campus Scholarship Dance to be held on Friday, February 18, 1966, from 8:00 p. m. to midnight at the Lilly Gymnasium of Fayetteville State College. In addition, a drawing will be held at the dance for a number of "Door Prizes" which are to be awarded to holders of winning tickets. First prize; 1966 GTO Pontiac; Second prize; 1966 F 85 Oldsmobile; Third prize; 1966 Admiral Console Color TV set. The Executive Committee of the Day Students Organization, headed by Edward McDonald, assures purchasers (who need not be present at the drawing) that other prizes are in the offing. Faculty advisors: Dr. Walter T. Pace, Chairman, Dr. Nelson Harris, Mrs. Elaine M. Newsome, Mr. David Dodson and others are coordinating many aspects of the drive geared to "find ways and means" to secure aforementioned funds.

A number of vantage points and places are being set up in the Fayetteville area to help process ticket purchases. This scholarship plan "of helping one help themselves" is a fitting example of what

## Two Negroes Are Added To City Police Department

FAYETTEVILLE - On Monday, the Fayetteville City Council hired two Negroes and one white policeman. The two Negroes hired were: Edgar F. Merritt, and Jessie A. Brayboy. This brings the total number of Negroes on the Fayetteville Police Department to seven.

Negroes have been on the force for the past sixteen years. Only one Negro has been promoted to the rank of sergeant in spite of their excellent records.

industry, ingenuity, and zeal can generate to create and promote opportunity "without charity." It is most fitting at this time for the student body of FSC to set an example and pace for other colleges to emulate. This display of character could arouse the imagination of Foundations, Estates, Trusts and Wills -- organizations to look into the calibre of FSC student body and "open doors" of opportunity to America's finest, "the educated youth of our Nation."

## Fayetteville Student Gets Scholarship

FAYETTEVILLE - The Research Grants Committee of the North Carolina Academy of Science awarded a grant of \$150.00 to William C. Swift, a senior student of Fayetteville State College, to help finance a research study in the "Reduction of Nitrogen Compounds by Cytochrome C," under the supervision of Dr. T. T. Chao of the Chemistry Department at FSC.

Honoree Swift will present a paper of his findings at the Collegiate Academy of the North Carolina Academy of Science in May, 1966, according to word received from John A. Yarbrough, sec'y-treasurer of the Academy.

William Swift, a member of the Omega Psi Phi Fraternity, made the Dean's List on three occasions; starred on the Varsity track team as a sprinter; is also a ranking member of the chess team. A native of Philadelphia, Pa., the researcher lives off campus at 1620 States Ave., Fayetteville.

## School Openings For Selling CAROLINIAN

FAYETTEVILLE - If your school is interested in selling THE CAROLINIAN as a class project, see me immediately. I have a few openings, and a good suggestion for a project that will pay off in many ways. Children need opportunities to develop salesmanship, and to show their abilities. This will also motivate an interest in what's going on in the world. It will also afford some child in the class a chance to collect and report the news. If your class is interested, telephone 483-2569.

## MISS DEB

... answers questions about Junior Miss etiquette, grooming and interests.

**Q. Sometimes I think I have the longest nose in the world! Next to mine, I bet Pinocchio's nose would look short. Is there anything I can do to make it look smaller?**

**A. Create an illusion!** Let your hair and make-up help belittle your nose! Models do it by wearing darker make-up from the bridge to the tip. And so can you! Just be sure to blend it carefully so there's no line where the darker shade meets your regular shade. Wear your hair away from your face. Try large fluffy curls to draw attention away from your nose. Experiment with different styles to find the one that's best for you. And to complete the happy illusion — smile!

**Q. My sweaters get crushed in the drawer when I fold them. But they stretch when I hang them on hangers and there's no room in the drawer to lay them flat. How do you keep sweaters smooth?**

**A. To keep those bulkies fluffy as cotton candy instead of flat as pancakes, try this!** Stuff the sleeves with loosely crumpled Kleenex paper towels before you fold them. Stuff more towels in the folds to guard against wrinkles in the body of the sweater. If drawer space is

really a problem, put your sweaters in plastic bags or boxes and keep them on a closet shelf. Just a little between-wearings care will keep your sweaters perky and fluffy!

**Q. My hair is so dull, it's absolutely lifeless! I try all kinds of things to take care of it, but nothing works. What should I do?**

**A. Brush it! Then brush it some more!** Bend from the waist and brush your hair forward. One-hundred strokes really don't take very long. Shampoo it at least once a week — oftener if your hair is a bit oily. Massage shampoo into your hair and scalp with your fingertips. It feels great! Rinse, shampoo, rinse a second time, and pat with a fluffy towel to remove excess moisture before you comb and set it. Plenty of rest and a balanced diet will also help keep your locks shining.
