Acrosonic by Baldwin

Children who have time to listen to
"music" have time to learn piano.

Without guidance, children naturally tend to fritter away their time on mere entertainment. Rock 'em by rolling in an Acrosonic. Children respond to the beauty of this superb piano by Baldwin with instinctive enthusiasm. And new teaching methods make learning to play a rewarding kind of fun. There'll never be a better time than today to begin your children's basic music education at the piano—and we are eager to help.

Visit us soon to see for yourself the selection of exquisitely styled Acrosonics that bring visual as well as musical beauty into any room... ask for a free booklet on music education—"Questions and Answers About Your Child and Music."

The NCTA Credit Union-
A Budding Success Story

Slightly more than 4 1/2 years ago, predictions were made that a Negro teachers' credit union operating state wide would never be successful. Yet as of March 10, 1966 assets of the North Carolina Teachers Association Credit Union were roughly \$46,000.00 with about 485 active members, \$5.25 is required to join and shares are \$5.00 each thereafter.

For two consecutive years 1964 and 1965, the NCTA Credit Union paid 5% dividends and anticipates continuation of the 5% dividend rate for 1966. In addition it provides Life Insurance on both shared and loans to the members at no extra cost. There are no medical exclusions as long as the member is working or in active service.

Retired teachers, substitute teachers, teachers aides and minors may hold savings accounts only. Only regularly employed members may borrow but there are no racial restrictions. The credit union attempts to serve members of the North Carolina Teachers Association. The Credit Union is proud of the fact that after an aggregate sum of loans in excess of \$100,000.00 during its short history, only \$3.40 has been charged off as uncollectible to date.

There were 14 pioneers who dreamed of a million dollar institution to serve some of the economic needs of NCTA members. They bought \$100.00 worth of shares to become charter members and many are still serving in an official capacity. The immediate goal of \$50,000 total assets is now within reach. The next goal is \$100,000 hopefully within a year.

The Credit Union seeks immediately, 25 members to save \$2,000, 50 members to save \$1,000, 100 members to save \$500.00, 200 members to save \$250.00 and 500 members to save \$100.00.

For safety and stability, there are the following:

- (1) Blanket bond coverage 100% of the assets on the treasurer and all handling credit union funds up to a million dollars.
- (2) All funds received must be deposited in the bank.
- (3) All funds disbursed must be by check.
- (4) An adequate liquid reserve fund as protection against operational hazards.
- (5) Quarterly audits by state government.
- (6) Proven Loan Policies safeguarding funds.

Five SNCC
Workers Are
Arrested

NEW YORK - The arrest of five workers for the Student Nonviolent Coordinating Committee (SNCC) at the South African Consulate here may begin a rash of protests by Negroes aimed at that country's apartheid policies and United States support of the South African government.

Jailed March 21 after a seven-hour sit-in at the Consulate offices were SNCC Chairman John Lewis, SNCC Executive Secretary James Forman, SNCC Program Secretary Cleveland Sellers and SNCC Field Secretaries Willie Ricks and William Hall.

They were charged with disorderly conduct and trespassing. Bond was posted by Harry Belafonte.

On a return visit the next day, the SNCC workers found the consulate door locked.

March 21 was the sixth anniversary of the Sharpsville massacre in which over 150 black Africans were killed or wounded by policemen after a nonviolent demonstration against that country's rigid segregation laws.

On March 23, the South African consulate refused to grant a visa to Dr. Martin Luther King, Jr. King and Senator Robert Kennedy (D-N. Y.) had been invited to address integrated student groups in South Africa.

THREE things to give children: Health, education and good habits. By good habits I mean conduct which results in honesty, industry and a desire to improve themselves. If children are given this foundation, they will be able to look after themselves.
