

Raleigh Business College Gains It's Accreditation

Raleigh Business College has been accredited by the Accrediting Commission for Business Schools, as a One-Year School of Business.

An institution so recognized has studied and upgraded its own facilities, faculties, and administrative policies with reference to the Commission's established criteria; and it has been subject to a thorough on-the-spot examination of the entire institution by representatives of The Commission, the resulting information and re-

ports having been very carefully analyzed by The Commission.

With this accreditation by The Commission goes the assurance that public confidence in the institution is thoroughly warranted, that instructional standards are of the highest type, and that the institution, its students and faculty, and the community of which it is a part may be justly proud of its status as an Accredited institution in the field of education for business.

Stuart E. Sears is Chairman of The Commission.

Dedication Date Set For Electric Plant

Carolina Power & Light Company's new generating plant near Roxboro, will be dedicated to service in a formal ceremony on September 14, Paul S. Colby, vice-president in charge of the company's operating and engineering department, has announced.

North Carolina's Governor Dan Moore will head a list of dignitaries who will take part in the dedication.

Colby said the plant has been in operation on a test basis for several weeks and is expected to be in full production prior to the dedication date.

Plans for the new electric facility were first announced in November, 1962, and construction on the first unit of 375,000 kilowatt capacity was begun in mid-1963. This unit is the

largest single generating unit now in service on the CP&L system.

A second unit, announced in May, 1964, will have a capacity of 650,000 kilowatts and is scheduled for completion in 1968.

ANTI JEWISM DISCOUNTED

CHICAGO -- Rabbi Jacob J. Weinstein, of KAM Temple said recently, "The Negro today has come to expect more of Jews in civil rights and they usually get it." He added that Jews exaggerate the importance of the few Negro anti-Semitic statements made by "several misguided Negroes," noting that many Jewish-led unions have tried to integrate their leadership.

Heck, during the 101st Commencement program here recently. Miss Cooke, an English major, is the daughter of Mrs. Alberta Cooke, of 317 W. Lenoir Street, Raleigh.

County Hospital Newsletter

The Candystriper program will start June 13th for thirteen weeks. The Director will be Miss Patricia Coates from Campbell College. The first Orientation session was held May 20th at the hospital. Mrs. Helen Melvin presided at this meeting and they were welcomed by Mrs. S. T. Sain, Miss Owen, Head of Nursing Service spoke to the girls after which they were given a tour of the hospital. The next Orientation session will be held May 28th. Last summer there were about seventy five active Candystripers.

The Scholarship Committee announced the awarding of five scholarships for health related careers. Three \$250 scholarships were awarded, the recipients were: Miss Patricia Webb Griffin, Enloe High School, Raleigh; Miss Joyce Annette Hawkins, J. W. Ligon High School, Raleigh; and Miss Penelope Marie Groves, Enloe High School, Raleigh.

Winners of the two \$100 scholarships were: Miss Betty Louise Carrington, Lockhart High School, Knightdale; and Miss Marsha Lynn Shepherd, Garner High School, Garner. The good wishes of the Auxiliary go with these students as they pursue their training toward careers in the health field.

where well-trained personnel are so urgently needed. A committee to investigate hiring a chaplain for Wake Memorial has been appointed. Mrs. S. T. Sain is chairman of this committee.

The North Carolina Hospital Association Convention will meet at the Blockade Runner at Wrightsville Beach June 22-24. The Auxiliary Board voted to send representatives to this meeting.

The Delta Sigma Theta Sorority has given books to the Auxiliary for patients in the hospital since its beginning. Again this month they have come forth with another group of very worthwhile books to be placed on our library cart. Many thanks to this wide awake organization for their continued interest and donations.

Our Library Chairman, Gertrude Harris, cites the need for more volunteers for the summer to help distribute books and magazines. Assistance is needed in checking our library files against the books so that we may know just where they are at all times. As of this time, the Library Cart goes only on Tuesday and Thursday. If you would like to volunteer for this spot, all help will be appreciated.

St. Aug. Student In Summer Program

James Burt, a 1965 graduate of Ligon High School and now a student at Saint Augustine's College, has been chosen to work with the Christian Education Career Program of the United Church of Christ here in North Carolina, that starts June 12. James is well-known for his excellent qualities of leadership and service.

In church, he has exercised

JAMES BURT

his leadership abilities through his active participation in the Youth Forum, of which he is now active president. He has represented the Youth Forum at many conferences and conventions held all over the United States.

In 1962, Mr. Burt was a delegate to the National Council of Christian Education at Purdue University, La Fayette, Indiana.

As a result of this grant, students taking Molecular Biology and related courses will have available additional modern equipment for making more accurate quantitative and qualitative measurements.

The new equipment purchased under this grant will be housed in the new addition to the science building the construction of which will begin in July. This addition will include laboratories for the study of physiology, bacteriology, nuclear science, physical chemistry and physics, as well as, a conference room and science library, animal room and greenhouse.

Included in the items to be purchased is a microscope equipped to take photographs of microscopic organisms. Also, ten student microscopes, incubators, ovens, analytical balance, centrifuge colorimeter and recorder, refrigerator and an apparatus for measuring respiration rates of microscopic organisms. In addition selected journals in biochemistry, physiology, and bacteriology will be purchased.

St. Aug. Gets Grant Of \$6,600

A grant in the amount of \$6,600 has been awarded Saint Augustine's College, Raleigh, by the National Science Foundation to purchase instructional scientific equipment in the Biology Department. It was announced last week by Dr. Prezell R. Robinson, acting president. The grant of \$6,600 will be matched by an equal sum from institutional funds. Dr. Joseph Jones, Head of the Biology Department, will direct the grant.

The equipment purchased from these funds will enable the Biology Department of St. Augustine's College to establish a course in Molecular Biology and to improve the laboratory training of students in the biochemical and physiological aspects of biology.

As a result of this grant, students taking Molecular Biology and related courses will have available additional modern equipment for making more accurate quantitative and qualitative measurements.

The new equipment purchased under this grant will be housed in the new addition to the science building the construction of which will begin in July. This addition will include laboratories for the study of physiology, bacteriology, nuclear science, physical chemistry and physics, as well as, a conference room and science library, animal room and greenhouse.

Also, ten student microscopes, incubators, ovens, analytical balance, centrifuge colorimeter and recorder, refrigerator and an apparatus for measuring respiration rates of microscopic organisms. In addition selected journals in biochemistry, physiology, and bacteriology will be purchased.

OFF TO INDIA - Dr. Gerald A. Edwards, professor and chairman of the Department of Chemistry at A&T College, has been granted leave for special assignments in India with the Agency for International Development. He reported on June 1, to the University of Bhubaneswar at Orissa, India. Beginning in September he will serve as regional supervisor in science with headquarters at the University of Mysore, Mysore, India.

Especially on Tuesday, Ingle-side Room; Cashier (any day). Information desk; Also some hours during the week, Library cart; Monday, Wednesday and Friday.

Mrs. Gila Harris, chairman of Art Committee, announced new art work has been hung around the hospital from the three High Schools. This art work is very colorful and adds to the beauty in the halls and in the offices.

The Auxiliary now has 101 active members and 22 sponsors.

RELATIVE HUMIDITY: The extent to which your relatives are all wet.

"I'm GOING TO KEEP A Record of the behavior of each of you," the harried mother announced to her brood. "On Saturday, the member of the family who has been most obedient will get a reward."

"That's not fair!" exclaimed one of the youngsters. "Daddy will win it every time!"
