Thursday Is Day Of Decision

WASHINGTON, D. C. - Rep. Adam Clayton Powell, flamboyant Harlem Democrat, fighting to retain his power in Congres, is not yet conceding defeat to his confident opponents. A showdown is scheduled Thursday, Sept. 22. Powell is chairman of the powerful House Education and Labor Commit-

tee. He has maintained that moves to split the Education and Labor Committee into two groups and to shear him of influence and authority would not have developed except for his race and for his defense of Negrorights.

He repeatedly has stated, "They are out to get me." The rebellion, organized by Rep. Sam Gibbons, (D-Fla.) is in the form of a proposit to turn the leadership of the 31 member committee over to six senior Democrats who now

head sub-committees. Powell would remain as chairman in name, only.

Late last Friday afternoon, Rep. Gibbons issued this confident statement: "I have the votes and I challenge Powell before and had almost gone out to be there at the appointment hour. All it takes is 16 votes and I have 16 plus."

Rep. Powell, jaunty as ever, made it clear there would be no surrender to the rebels, but he did not contradict Gibbons victory claim.

The first man to rise from the ranks to become Chicago Postmaster, McGee, a man of medium build with a roundish brown face and a broad smile, has two things going big for him. Burn Cross In Yard Of N. C. Medic

ELIZABETH CITY - After more than a week, no motive has been discovered for the cross burning Sunday morning, September 11, on the front lawn of Dr. Kermit Brown on Highway 17, about three miles from Elizabeth City.

It was a mystery to the physician and his family. Dr. Brown stated he found the cross Sunday morning after he had received a call from a patient about 3:30 a.m. His office is located in Elizabeth City.

The medic state, "I have nothing concrete as to why the cross was burned." He has been a resident of Highway 17 since last September. He also added that a white family lives across the highway in front of his home, and one lives behind his

Collision Kills 5 In C'nty

FUQUAY-VARINA - Five Wake County men, four of them Negroes, being driven to a farm to work last Sunday, were killed early that afternoon when the car in which they were traveling left the road on a curve and overturned. All of the victims are believed to have succumbed to head injuries.

State Highway Patrolman Willian F. White, who investigated, stated the driver was Floyd Harold Honeycutt, a Caucasian, prominent tobacconist, businessman and bondsman, The passengers in the late model convertible coupe were: Lonnie Edward Lawrence, 19, Jimmy Roy Harris, 19, Willie Lee Moore, 23, all of Route 1, Holly Springs, and Dalton Ray, of Route 3, Fuquay-Varina, age

According to White, the men were being driven to Mr. Honeycutt's farm on the Bass Lake Road when the accident took place. It happened about two and one-half miles north of Fuquay-

The highway cop said the car failed to make a curve, crossed over on the other side of the road, where apparently the left front of the vehicle caught on a culvert, causing it to turn over and spill the occupants from the open-top automobile,

The car then landed on its wheels, about 15 feet from the point it impacted with the culvert, pinning young Lawrence beneath it,

In an interview with a representative of the CAROLIN-IAN, Mrs. Honeycutt said Tuesday afternoon, that the Negro boys were enroute with her husband to their farm to do some work.

William Mangum, an 11th grade student at the Fuquay Consolidated School, had been riding his bicycle on the highway for about a mile from where the crash occurred, and stated the car driven by Honeycutt had sped by him only seconds of control on another curve it attempted to make.

Constable George Underwood, of Holly Springs, was one (See WRECK KILLS, P. 2)

Lack Of Cop Protection Is Revealed

WASHINGTON (NPI) -Getting police protection from criminal elements is a bigger problem in the Negro community than police brutality, a survey released by the Senate subcommittee on executive reorganization has reported.

According to the survey, crime and housing are rated as the two major problems in the ghetto.

'The apparent meaning of putting crime at the head of the list is that more police protection is wanted," said the report, prepared by John F. Kraft, Inc.

The survey noted that even in riot-scarred Watts, a plurality of those interviewed, 47 per cent, looked favorably up-

on the police. "The Negro, like anyone else, wants to preserve his family from harm, and for this there must be adequate police protection. .. What exists in the ghettos at present is apparently a sitation whereby a small minority the criminals—tyrannize over a large majority, making decent living all but impossible." The survey described the "average Negro" as living in

"Black Power" Confab Called For Oct. 15-16

WASHINGTON - (NPI) - Congressman Adam Clayton Powell of New York last week announced that 169 delegates of civil rights, nationalists and other Negro organizations will converge on Washington, D. C. October 15-16, for a National Conference on Black Power to map plans for the political, economic and cultural strengthening of the "Black Masses."

Powell, who represents the predominantly Negro New York Harlem district and is chairman of the House Labor and Education Committee, was listed as the "convenor" of the conference.

The groundwork for the conference was laid by the first planning session, Sept. 3. The exact site for the main Oct. 15-16 conference has not yet

been announced. Discussing the conference which is to bring black people from 37 cities, 18 states and the District of Columbia into session, Powell declared:

"This will be a working conference. There will be several panels to be announced later and these panels will evolve plans of action to mobilize the Black masses in several areas under
