

## Shaw University Slates A Workshop In "Modern Math" November 12-Dec. 3

Having trouble keeping up with your children in school who are learning the new mathematics? As a teacher or student, are you concerned with understanding the new methods of teaching this vital subject?

### Shaw Receiving \$100,000 For Dorm And

Shaw University in Raleigh is receiving a \$100,000 increase in a Department of Housing and Urban Development loan to construct a new dormitory and Student Union Building, Congressman Harold Cooley announced last Friday.

With the increase, the total loan from College Housing Loan Funds will be \$2,050,000.

The loan was originally approved in February of this year. It will be supplemented by \$100,000 of the school's own funds.

The new dormitory facility will house 400 women students,

mornings for four weeks, starting Nov. 12th and continuing through Dec. 3rd. The workshop, open to the general public, will be held in the Science Hall under the direction of the Mathematics Department.

Under the new Shaw Plan of Education, the course may also be taken for college credit (1 hour) without entrance requirements but credit will not be given without satisfactory evidence of successful completion.

Seven members of the Shaw faculty in the Division of Natural Sciences and Mathematics will participate in the workshop under the direction of Professor Lawrence Gould. A fee \$2.00 (or \$10.00 if college credit is desired) includes cost of books and materials. Enrollment is limited and applications will be accepted on first-come-first-served basis.

The contents of the workshop will include: Elementary topics in set theory. Numbers (cardinal and ordinal). Systems of notation including the Roman, Egyptian and Greek. Our system of notation (Hindu-Arabic). Other scales of notation (including changing from our base system to another). Addition, multiplication, subtraction and division

in base ten and other base (including the algorithms and checks for these operations). Fractions, multipliers and divisors. Addition, multiplication, subtraction and division of common fractions and decimal fractions. Percentage. Approximate numbers.

## Murchison Promoted By CP&L

Wade B. Murchison, a veteran of 20 years of service with Carolina Power & Light Company, has been promoted by the company to service representative in Burgaw, F. C. Lennon, manager of CP&L's Wilmington district, has announced.

Murchison, a native of Goldston, assumes his new responsibilities after serving as a customer serviceman first class in New Bern. He began his career with CP&L in Sanford in March, 1946, after discharge from the merchant marines.

A graduate of Goldston High School, Murchison is married to the former Hilda Gunter of Sanford. The Murchison have two children, Kathryn Dawn, 15, and Ashley Bryan, five.

**RETURNS HOME** - Capt. Monroe J. Fuller, a 1960 graduate of A&T College, now an electronics warfare officer and a combat crewman with the Strategic Air Command at Robins AFB, Ga., returned to visit at A&T College last week with Mrs. Fuller and their daughter, Tamara Kay. Capt. Fuller is a native of Greensboro, and Mrs. Fuller is the former Miss Barbara Morman, of Vidals, Ga.

## Directory Of Periodicals Is Issued

Publication of the seventh annual directory of U. S. Negro Newspapers, Magazines and Periodicals has been announced by U. S. Negro World, publishers. The directory lists 180 publications in 36 states, Canada and Panama, with numerous descriptive annotated selections.

Scheduled for publication in December is the U. S. Negro World annual edition featuring a special "Harlem Research Report," the full text of documentary research on "The Negro Press: Past, Present and Future" by Thelma T. Gorham; a special report on the Negro

market in Bergen County, New Jersey and the "African Trade,

Travel and Industry Report on the Cape Verde Islands."
