

Dr. L. T. Walker Named Vice Prexy Of NCAHPER

DURHAM - Dr. Leroy T. Walker, North Carolina College track coach and chairman of the Department of Physical Education at the college, has been named vice-president of the North Carolina Association for Health, Physical Education and Recreation, at the organization's annual convention at North Carolina State University, in Raleigh.

Walker is the first Negro elected to high state office in the Southern District of the American Association for Health, Physical Education, and Recreation.

Since bars to Negro membership were removed by the North Carolina Education Association, Walker has held membership on key committees of the affiliated NCAHPER and has been chairman of sections of the College Planning Conference.

The NCC track coach holds the B. A. degree from Benedict College, the M. A. degree from Columbia University, and the Ph. D. degree from New York University. He is the author of two books, "A Manual of Adapted Physical Education," and "Physical Education for the Exceptional Student."

Paper Is Yuletide Time, Work Saver

While gift-buying, cookie-baking, tree-trimming, and other holiday tasks fill happy hours during the season, the routine of family meals continues. Work-saving and convenient mealtime accessories for busy homemakers are paper towels and napkins. Kleenex designer towels used as tray liners or placemats, along with napkins to match, add colorful appeal to the dining table or TV dinner. Best of all, another laundry problem is eliminated.

When you can't find anything wrong with a job, why not admit it and make the chap who did it feel happy?

Carolina's 'Lost Colony'

By Pete Holden

NEW YORK--The former Jean Eaton of Raleigh, who attended Shaw University and did graduate study here in New York is married and lives in Cambridge Heights, Long Island... ditto for Earl Edward Richardson, formerly of Idlewild Avenue in Carolina's Capital City. Earl who attended public schools in Raleigh, is an A. and T. College "Aggie" and he and his bride will live in Brooklyn, N.Y. FORMER RALEIGHITES VISIT NORFOLK

Former Raleighites Shirley Morgan Tunstall and Anne Edwards made a recent trip to Norfolk, Va., where they visited with friends and relatives. They also got together with John and Ellen Perry of the Norfolk Chapter of St. Augustine's College Alumni. Shirley is secretary to the New York St. Augustine's Alumni Chapter while Anne is serving her second year as Treasurer of the Empire State Chapter. Shirley, from the Lincoln Park sector of Raleigh, while Anne hails from Nazareth, holds the distinction of placing two officers in the Alumni Chapter (St. Aug.) of New York. The president of that chapter also hails from Nazareth and three of the four top official spots on St. Aug.'s New York Chapter are held by ex-Raleighites... incidentally Norfolk's John Perry has a one man's fight on to put the old St. Aug. Bell which for many years rested atop the 'ole Lyman Building (Boy's Dormitory), back into action, this time, says John, atop a bell tower which if left to the Norfolkans, will be placed somewhere on the North East Raleigh campus. John swears that St. Aug.'s and Shaw University's Bell, the latter restored for many decades atop 'ole Greenleaf Hall, were time pieces for residents in the areas of the two colleges.

A AND T MEN AND FAMILIES

Luther Merriweather a graduate of North Carolina A and T College who now lives in the Bronx (N.Y.) married two years ago and is the proud father of a baby girl... also Robert "Sap" Watkins, that former A and T College stand-out end on the football team, together with his wife, 4 year old son and two year daughter, visited ex-A and T "Aggie" Charles and Gwendolyn Crowe of the Lafayette Homes in the Bronx. Crowe, as he is well known along the east coast formerly lived in Dunn and Mt. Olive, N.C. He is employed by the New York City Recreation Department and works in Goldwater Hospital on Welfare Island in New York City. Crowe and "Gwen" have two year old twin daughters. The Crowe's Terraced apartment over-looks Long Island Sound. Old timers will recall that great A and T football team which was coached by Homer Harris and which featured the late Sam Bruce as quarterback, Dutch Clark and Eddie Moore as Half-back spots and of course "Sap" Watkins at end, among others. "Sap" as he is affectionately called by those who know him, hails originally from East Chicago, Indiana and now lives in Hartford, Connecticut with his family.

N.C.C.'S FORMER FOOTBALL GREAT VISITS NEW YORK

"Squirrel" McGuire, a hard running half-back for the old Washington High School (Raleigh) 'Little Blues' and who broke all kinds of C.I.A.A. running records with North Carolina College, visited relatives and friends in New York recently. "Squirrel" as he is best known, hails from the West Raleigh, McGuire family. His niece, Grace McGuire, daughter of Mr. and Mrs. John McGuire of West Raleigh, worked last summer with this writer as did Anne Ballantine (she's the former Anne Powell of Raleigh and her husband is the former Steve Ballantine of Rhamkette).

Audrey Sessoms, a native of Ahoskie, N.C. and a 1965 graduate of St. Augustine's College was in New York last summer and worked in Recreation with the New York City Department of Parks... and former St. Augustinian, Pharmacist Shirley Williams is employed by one of New York's largest chain of Drug Stores (Whalem)... RALEIGHITE MADE 'A'S' AT HARVARD UNIVERSITY

Mrs. Addie Perry of Raleigh's Madonna -Acres who attended summer school last season at Harvard University, this writer learned (and not from Mrs. Perry) made all 'A's' in her Art Courses last summer while attending Harvard University. We understand that Mrs. Perry, a native of Raleigh and a graduate of Shaw University, started out in a class of nearly four hundred but when the course closed there were less than 50 students. Mrs. Perry heads the Art Department in the new Carnegie Junior High School in Raleigh. FORMER E.C.S.T.C. BUSINESS MANAGER VISITS RELATIVES HERE

Kenneth Jeffries, for many years Business Manager at E-

izabeth City State Teachers College in North Carolina, visited his nephew and family, John Jeffries, recently. John Jeffries and his wife the former Arthurette Gray of Greensboro, are graduates of N.C. A and T College. Kenneth Jeffries is now Business Manager at Cheney College in Cheney, Penn... Catherine McLeod Dunn and her husband Paul and Mrs. Dunn's mother, Mrs. Minnie Wright visited relatives and friends here recently. SPEAKING OF VOTER REGISTRATION?

When the books closed for registration in October of this year here in New York City they showed that three million five hundred and twelve thousand, six hundred and eight (3,512,608) persons registered to vote in all of the five boroughs making up this city. Brooklyn led, as it did before, with 1,098,993; Queens (Long Island) was second with 931,366; Manhattan 746,381; the Bronx, 627,266 and Richmond (Staten Island) 108,802.

Former Greensboro man Jimmie Wright and his wife Mary have returned to this city from

the Virgin Islands and Puerto Rico where they spent a brief vacation. Mrs. Wright, who is employed by Eastern Airlines here had just returned from a quickie vacation in Paris before she and her husband took off for the "Islands in the Sun," OF RICH SQUARE BISHOPS AND SHAW'S 'DREAM' TEAM

We learned that Geraldine Bishop Magette, oldest sister of P.A. Bishop Jr. and Wendell Bishop of the Rich Square clan, lives in New York's Manhattanville Project on Amsterdam Ave. P.A. Bishop, Jr., who formerly played end on that Shaw University 'dream' team with Fleming, Hollis Creecy, Claude "Ram" Govan and Mar-able, now makes and sells caskets, among other things, in the Rich Square Section. His younger brother Dr. Wendell Bishop is married to Raleigh's former Wilhelmina Williams, and both Dr. Bishop and his wife are on the faculty of Fayetteville State College... We hear Hollis Creecy is Teaching and has two Funeral Parlors, one in Gates county (the largest) and one in Rich Square.

NCC Senior Given Research Grant

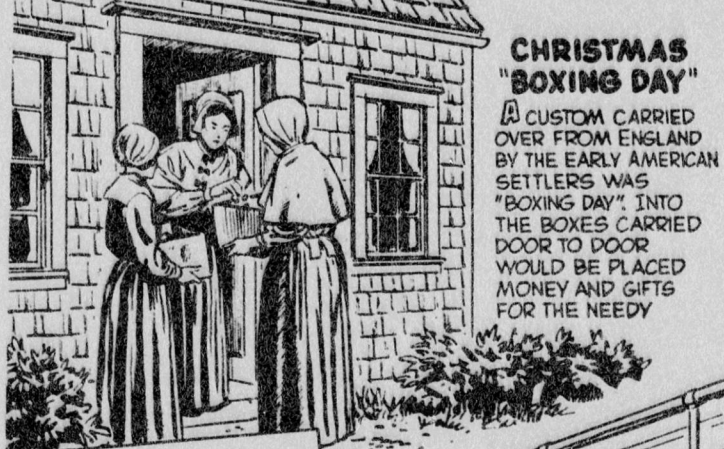

DURHAM - North Carolina College senior George B. Creed, son of Mrs. M. B. Creed of 1306 Rosewood St., Durham, has been awarded an Undergraduate Research Grant by the National Academy of Science. The grant, for independent research into electrophoretic properties of the enzyme Lactic Dehydrogenase, will provide equipment and supplies for the study. Creed's research will be supervised by Professor Vernon

Clark of NCC's Department of Biology.

Despite the enormous advances by medical science, the undertakers seem unworried.
