DEMOCRATS BLAME POVERTY-AID

ROCKY MOUNT - It is really disgusting to observe the whimsical turn of politicans and those looking for a scapegoat to blame for their failures to achieve their desired goals.

We regret that our Gov. Dan K. Moore has joined with other disgruntled Democrats (and Republicans) in blaming the defeat of many party candidates on the unprecedented program of help to the impoverished and ignorant of our land, which President Lyndon B. Johnson has put forth with no much vigor until it has choked those who are forever unwilling that Negroes, (principal recipients of the aid and education program) should be helped to become real

Where is the so-called Christianity in people who are willing to surrender a program of help, training and education, for millions of impoverished citizens in America for political expediency-to win an election in 1968 - while millions suffer because of conditions over which they do not have complete control? We mean, of course, the loss of jobs due to automation and denial because of

color. President Johnson and the Democratic party - with the Republicans - could lead this Nation to its greatest heights and gain immortality (if it is possible for a human to achieve immortality) by carrying to a climax the program as called for in the Johnson Anti-Poverty program and others yet to be called for.

The Vietnamese mess is unfortunate, but we are in it. Americans have always been a proud and loyal people to support her President. Let's all do it now! And bring peace and happiness and goodwill to men all men - here at home. GIVE NAACP MEMBERSHIPS

It was the usual "Night Before Christmas" in 1951 at the home of Harry and Harriette Moore (teachers) and their two daughters, in the orange grove outside Mims, Fla. The girls "Stockings were hung by the chimney with care" and Santa did fill them with care - dolls and goodies the teenagers liked. Both parents were as happy as could be. Harry's mother, Mrs. Rosa A. Moore, was also

Mr. Bullock proved to be a blessing to First Baptist and to this community through the many offspring who are left to carry on God's work in the church and community. Surviving are: 10 children, 48 grandchildren and ll great-grandchildren. A large number of them belong to First Baptist and many are potential members. The Rev. W. T. Bigelow delivered the eulogy.

Sunday night at 7:30 p. m. the annual Christmas program was presented at First Baptist. All of the children performed just wonderful as usual. Miss Ida Lett read the scripture, Mr. Elme Thorpe offered the prayer. Mrs. Francis Marrow, was chairman and did a good job, along with the teachers, Mrs. Julia Lasster, Mrs. Alberta Calten, Mrs. Lottie Page, Mrs. Francis Grimsley, and Mrs. L. Colvin. Treats were given to all present. Other helpers were Mr. Herman Hunter, Mr. William Goldston, Mr. E. J. Byrd, Mr. A. B. Horton. Mrs. Jessie McCullers and Miss Ida Hayes. Because of all the wonderful aid, the program was very good. Mrs. E.H. William is organist.

Rev. and Mrs. W. T. Bigelow and Stephen, were guests at the home of Mr. and Mrs. Herbert Horton for a quick snack on Sunday afternoon. There they were greeted by many of their friends. While in town Miss Patricia Bigelow called on Teresa Colvin.

Mr. and Mrs. David Page and Mr. and Mrs. Samuel Stewart, were guests Sunday afternoon at the Annual Sarah Coventry dinner held at Blair House in Durham. They reported a fabulous

their guest. Christmas day and dinner are delightful as friends drop in. (This writer and his wife had eaten a christmas din-ner in that same home in 1946 on our first trip to Key West, Fla. They were such nice people to know as we had met in NAACP conventions).

The Moore's all retired Christmas night of 1951, but they did not get up! They were blown up with dynamite by rank segregationists who had resented Harry Moore's increased NA-ACP activity in encouraging Florida colored citizens to register and vote; and seeking to better the working conditions of Negro teachers in the state! No one has ever been tried for that dastardly crime. Now, here's where you come in.

Every teacher or other professional should make a special Christmas NAACP Membership gift, to yourself first, and then to members of your family, and, or a friend or friends.

A teacher gives NAACP five dollars or tendollars, and says: "Just take that as a donation, do not put my name down."

Well, if we get enough of those, they will help a great deal; but really, friends, we need your name on the NAACP. membership roll, along with that of your family and friends, to make the NAACP roll large in your local community and the national roll as well. There is nothing - repeat, - nothingthat will do as much good for so many people, even our entire nation and the world! Junfor NAACP membership for the children will mean much more for them than all the toys you can give them.

It will be a great day for colored Americans in the South when they have guts enough to act as big in the defense of their civil rights causes as they act in trying to appear "Big N's" in buying and showing off material things, many of which are far beyond our ability to maintain on a par with necessities which we grossly neglect or fail to support, adequately, if at all.

Thus it is that the white man grades us as "second-class" because of our penchant for putting "things" ahead of moral and Christian "values." This goes for our churches and their programs as well. The white man supports his family and his church, and then his clubs, fraternities and sororities, and then enjoys his liquors. Most of our group, not having the funds to do all this, neglect the home and church, and NAACP, and put our money into "having fun." Thus our children come up void of the much needed religious and civic education necessary for well-rounded citizenship and Christianity.

An NAACP membership will help you enjoy Christmas and all the New Year as well. Remember the Harry T. Moores. "They gave their lives ... will you give your NAACP Membership?" Join today.

Sgt. B. R. Spruill Speaks At Harrison

SELMA - The third hour class in United States History sat very attentively as they learned, first hand, about the major conflict in Viet Nam. Sgt. Billy Spruill, a 1959 graduate of the Richard B. Harrison School, lectured and answered questions that the students were eager to know.

Sgt. Spruill said that his stay in Viet Nam has lasted two years. He remarked that he had grown up and become wiser. The fighting is rough, he added. He advised the class to plan their vocations now. Learn more about the world. Pay more attention to Mathematics and Geography, he urged.
When the students learned of

the low cost charged for quality clothing in the Far East, many of them expressed their desire to go there and purchase their wardrobe.

The teacher of the history class, Mrs. Gadsden, introduced her former pupil to the students.

Sgt. Spruill plans to further his education as soon as Uncle Sam releases him from duty. He is a native of Princeton and serves with the U.S. Airborne Division. He will spend the nolidays with his mother, Mrs. Beulah Jones of

Regional Office, warned today.

The final deadline for application for a VA guaranteed loan is July 25, 1967.

Phillips said that while over 7-million veterans had used their eligibility to purchase homes, farms or start businesses, there were many still eligible who had not taken advantage of this provision.

The Veterans Administration has guaranteed 6,370,909 home loans to veterans of World War II and the Korean Conflict --approximately 100,000 of them in North Carolina. There have been a total of 238,752 business loans and 71,654 farm loans guaranteed under the program. Loans insured by the VA total \$62-billion.

In addition to the guaranteed loans, the Veterans Administration has made 256,962 direct loans totalling \$2.3 - billion. These loans are made in areas where local financing is not available.

Phillips advised veterans of World War II planning on utilizing this privilege guaranteed to them by Public Law not to wait until the last minute before selecting their home, farm or business. Loans are arranged for by the builder to most instances, but the guarantee can be used to purchase existing homes as well as new homes.

With less than eight months remaining for veterans to use their eligibility, Phillips said there had been an upsurge in veteran loan activity.

The July 25, 1967, deadline does not apply to veterans of the Korean Conflict or veterans who have been included in the new legislation who have served singe Jan. 31, 1955.

The expiration date for Korean veterans is 1975, and for veterans of the Viet-Nam era, ten years plus an extension for time served, from the date of their discharge
