Civil Rights Fighter At NYU

NEW YORK - Bayard Rustin, a pacifist and fighter for civil rights, discussed "The Underclass in the City" this week at New York University's Loeb Student Center West Broadway and Washington Square South, Manhattan.

In 1941, he became race relations secretary for the Fellowship of Reconciliation, a post he held until 1953. During that period, he was also a youth organizer for the first March on Washington, led by A. Philip Randolph in 1941, and became the first field secretary of the newly formed Congress of Racial Equality.

Mr. Rustin was imprisoned during World War II as a conscientious objector. Following his release in 1945, he was named chairman of the Free India Committee. In 1947, he took part in the first Freedom Ride, and was arrested in North Carolina, where he served 30 days on a chain gang. His report on that experience appeared in The New York Post, and led to an investigation and abolition of the chain gang in North Carolina.

Mr. Rustin helped Dr. Martin Luther King organize the Montgomery, Ala., bus boycott in 1955, and in the following year, drew up plans for the founding of the Southern Christian Leadership Conference.
