# City Hall Windows Smashed

Protest Police Action

JACKSON, Mich. - Angry Negroes smashed the windows in the Jackson, Mich., city hall and a bottling plant Tuesday night in a protest over police action. Violence subsided in New Haven, Conn., after three straight nights of turmoil.

The Jackson incident erupted after 150 Negroes attended a city commission meeting to protest police activity in a case that touched off several nights of violence. The Negroes told the commission that police had over-reacted and used too much force too soon in breaking up a fight between two Negroes at a dance Saturday night.

The police action was folgroup their complaints would be investigated. But several Negroes threw rocks through the windows after they left the city hall meeting.

New Haven enjoyed relative calm Tuesday night and authorities said an 8 p. m. curfew apparently was effective in preventing trouble. "There's considerably less

throwing bottles, but we're not too concerned about it." Police reported that 20 ar-

rests Tuesday swelled the total to 393.

At Detroit, a private guard, Waverly Solomon, 32, was charged in the shooting of a Negro during the Detroit riot last month. Solomon, also a Negro was guarding a grocery

### **Marshall Confirmation Assured**

WASHINGTON - A majority of the Senate Judiciary Committee said Tuesday that Thurgood Marshall is "uniquely qualified" and "perfectly prepared" to become a Supreme Court Justice.

Four committee members, however, called the solicitor general "a constitutional iconoclast" and asked the Senate to reject his nomination as the first Negro on the high court.

The conflicting views were contained in the committee's report on the nomination, which was approved 11-5 two weeks ago. The report was to be filed in the Senate today.

Marshall's confirmation was assured. He has been confirmed previously as solicitor general and as a judge of the 2nd U. S. Circuit Court of Appeals.

"It will be a most historic occasion when the Senate confirms Thurgood Marshall as associate justice of the Supreme Court," the majority said.

"History will be made out of

ommending the confirmation of the first member of the U.S. Supreme Court who is a Negro who is uniquely qualified and one might say perfectly prepared to become a Supreme Court justice."

The minority view was written by Sen. Sam J. Ervin Jr., D- N. C. and supported by Chairman James C. Eastland, D-Miss., and Sens. John L. McClellan, D-Ark., and Strom Thurmond, R-S. C., Sen. George A. Smathers, D-Fla., did not

sign either report.

Ervin prefaces his opposition with the comment that "I know that in doing so I lay myself open to the easy, but false, charge that I am a racist. I have no prejudice in my mind or heart against any man because of his race. I love men of all races. After all they are my fellow travelers to the tomb."

Ervin said, "I have been driven ... to the abiding con-

### Advocates Of Black Power On Downgrade

COLLEGE PARK, Md. - Ec-hoes from the embattled meeting held here by the National Student Association, the withdrawal of Harry Golden from SNCC for its expressed desire to give up non-violence, Rap Brown's in-and-out of jail episodes, along with the arrest of George Washington Ware, aide to Stokely Carmichael, present a gloomy picture for Black Power advocates.

Pandemonium almost prevailed here Sunday when a militant resolution, endorsing black power was approved. Approximately 50 Negro delegates threaten to walk out. The resolution encountered debate when a motion was made to delete the controversial phrase, "Black power is the unification of all black peoples in America for their liberation by any means necessary."

Supporters of the amended deletion were able to get it dropped by a vote of 182 to
