

GABBING About Town

BY MRS. A. H. THORPE
TELEPHONE 832-3029

"Life is a blend of the good and the ill, and we must bear what shall come by His will. There must come tears to the brightest eyes, care visits the rich and the strong and the wise, No one escapes when the rain pelts down, today you may smile, but tomorrow may frown. So stand to your portion of sorrow and strife, and know that it is all in the battle called - Life."

Come to Church

BY MRS. MAY L. BROADIE

Dear Father, King of Kings and Lord of Lords from whom proceeds all power and dominion in Heaven and earth; who through Thy prophets of old has foretold a day when the armaments of war shall be beaten into the implements of peace; Hasten, we beseech Thee, The fulfillment of this, thy most sure promise. Quell the haughty cries of the nations. Let Counsels of peace and unity mightily prevail, that we may be speedily delivered from our present confusion into the order and righteousness of Thy Kingdom. We thank Thee, dear God, for everything; For the happy sunshine, for rain, for birds, and beasts, for our homes, our families, thy church, the ties that binds together in love and Christianity. Give us more love for Thee and one another. Teach us to be thankful but throughout the year. Bless us we pray in Jesus Name, Amen.

Your professional beautician knows the answer...

Why does some hair break off when combing?

Your hair is precious and delicate... and none of us like to see it break off for any reason. Scientists tell us that excessive use of hot combs and over-processing of hair with chemicals often are major causes of brittleness resulting in hair breakage. But hair that is naturally curly and tangles easily frequently breaks off in everyday combing. Notice how irritated your scalp becomes when you comb in contrast to the way your beautician does? Your professional beautician knows that curly hair mats and tangles so easily that it should be softened before combing. Otherwise, unnecessary irritation to the scalp and damage to the shaft and ends of the hair occurs. To achieve this needed softening and a temporary relaxing effect that prevents breakage on all human hair (including wigs), most beauticians rely on Clairol® Hair-So-New® spray-on creme rinse. For combing ease and for beautifying your hair in many other ways, trained beauticians stock a complete family of fine Clairol products for your specific needs. Visit your expert hairdresser, who cares about your hair care and your comfort. Whatever the nature of your hair problems, only your professional beautician knows the answer for sure.
