Negroes Increase Vote For GOP in '6/ Election's

tally their election night victories for the 1967 elections, making them the first Republitwo important factors emerge: 1) there was an unusually large Negro turnout in this off-year election and 2) quite a lot of this heavy Negro vote helped to elect GOP candidates in important races -- on both the city and state level.

For the first time in twentyfour years, Kentucky elected a Republican Governor, As Governor-elect, Louie B. Nunn, received approximately 38 per cent of the Negro vote. Nunn's winning margin was 26,599 votes. This victory was complimented by the re-election win of Mrs. Louie B. Reynolds, Negro GOP alderman from Louisville, Ky. Mrs. Reynolds is a strong advocate of Open Housing legislation for the city.

Another Democratic stronghold, Indianapolis, also saw a major victory for the GOP with the election of Richard C. Lugar to the office of mayor. The 35 year old Indiana native and former Rhodes scholar attributed his win to, "hard work and much personal contact with many Negro voters in Center Township precincts." Lugar also stated that "... about 10 to 15 percent increase in Republican Negro voters in Indianapolis precincts over the 1966 Congressional elections," was an additional factor in his

election win." In other elections, Republi-

It's America's most popular! Why?

We think it's excellence of product. Years and years ago, when we decided to bake Jane Parker Fruit Cake, we also decided to bake the best. That's why Jane Parker Fruit Cake was then and is today over 2/3 fruits and nuts.

Just enough delicious cake to hold together the bounty of cherries imported from France, pineapple from the Far East, citron from Italy, sun-drenched raisins from California and meaty pecans from the South.

We think, too, that value has made it popular. IMAGINE, THE 5-LB. CAKE COSTS ONLY \$3.99. That's the same low price as last year which makes it an even greater value.

Now you know why Jane Parker Fruit Cake

is America's most popular.
