Come to Church

BY MRS. MAY L. BROADIE

Our Father, we thank Thee for Thy steadfast love and care. Help us in every situation in life to remember that Thy mercy endures forever. Forgive us our sins and increase our love and trust in Thee. We rejoice today in Thy renouncing all those forces which would defeat us. Grant us the victories that come through the exercise of Faith. Please, dear Lord, when trials and temptations come our way, help us to admit that we are not sufficient in our own strength to deal with them. In Faith, we would turn to Thee, certain of Thy companionship and help at all times. We pray for a full measure of that Faith - which is the assurance of things hoped for and the conviction of things not seen. Help us to have Faith for we know without it we cannot possibly please Thee. This, we pray in Jesus' name, Amen.

Our pastor, Rev. T. H. Harris, was appointed by Bishop Stewart to serve for this conference year, 1968. I have been a member of the above-named church for forty years. Our church was founded in 1882 which was 82 years ago, at which time it was called the Rock Church, and later on it was called Rush - Memorial, and during the period of those 82 years, our church tottered. In the Fall of 1959, Bishop R. L. Jones appointed the Rev. T. H. Harris to serve our church. Under his leadership in 1960, we renovated our church building at the cost of approximately forty thousand dollars and in September of this year, we have made some other improvements, at the cost of thirty thousand dollars. The total cost of both improvements is a little more than seventy thousand dollars. We have put in gas heat, and we have air - conditioned the church.

I saw President Prezell Robinson Saturday morning. He scarcely has any time that he can call his own. I guess that is the way of all Negro College presidents. His school is Saint Augustine's College.

The old school on Oberlin Road seems to be outmoded now. Isn't it a pity that it couldn't be used as an adult training facility for the benefit of all? where are they planning boys?

Mrs. Susie Smith, Walnut Terrace area, missed a few days last week on account of illness. Her many friends were shocked at the news.

The welcome mat was out in gaudy colors at St. Matthew Baptist Church and St. Paul's members were the first to know

Your professional beautician knows the answer...

Can your hair be damaged from brushing, alone?

All hair becomes damaged from exposure to sun and natural elements. Certain greasy compounds and many chemicals, improperly used, also take their toll... not to mention simple attempts at beautifying the hair with any brush not made of natural bristles. The results are brittleness, breakage, dry and dull looking hair.

Your professional beautician knows how artificial bristles actually brush away a great deal of the "lubricants" of the hair that give it body, lustre and protection. And trained beauticians claim that nothing beats Clairol® condition® Beauty Pack Treatment for overcoming brittleness, dryness and breakage... leaving hair lively and easy to manage. condition® is an easy-to-work-with creme which can even be applied during a chemical straightening retouch to prevent drying of hair that has been previously relaxed. condition® is the ultimate in repairing deep-damage. And, when time is a factor for their customers, hairdressers turn to new Clairol® Hair Dew - the lotion conditioner that penetrates so fast many think of it as an instant conditioner. When applied regularly by your beautician, Clairol Hair Dew adds body, softens and gives a glowing new look to your hair that many friends will notice and admire.

Damage can come from using brushes with artificial bristles. But damage to every woman's hair comes from so many other causes that all human hair (including wigs) needs to be revitalized periodically. Visit your professional beautician and ask this expert to check the condition of your hair.

Only your professional beautician knows the answer for sure. © Clairol Inc. 1967 Courtesy of Clairol Inc. *TM
