OEO MEMO #6004-2
"LIMITATION ON BENEFITS TO . . ."
Memo no. 6004-2, Limitation On Benefits to Those Voluntarily Poor, reached our office March 11. This is an OEO instruction memo. It is in response to section 611, of the Economic Opportunity Act.
"The director shall take such action as may be necessary to assure that, in determining a person's eligibility for benefits under this act on account of his poverty, such person will not be deemed to meet the poverty criteria if his lack of income results from his refusal without good cause to seek or accept employment commensurate with his health, age, education and ability."
This memo determines the person's eligibility based on the section of the EOA referred to above. It spells out six conditions that can not stand in the way of a person's eligibility.

They reviewed the CCAP Grant and are prepared to make some recommendations to the presidents and low-income board members at their meeting Monday, March 17. The presidents of the Neighborhood Councils and the low-income board members will make recommendations to the CCAP Board at their regular board meeting Thursday, March 20. CCAP YOUTH PROGRAM (A Great Potential)

selected again to receive a Youth Program. This year, the program will be on a full year basis. Efforts have been made to involve more youth in the program.
This Youth Program will have some new guidelines.

There will be a meeting in Raleigh Monday on the guidelines.
C-CAP CREDIT UNION
The C-CAP Credit Union Board met Thursday, March 13, at the Credit Union Office, 323 Person Street.
The board took the following actions: 1. It voted to hold their annual meeting March 31, at 7:30 p.m. in the city court room.
2. The board made final plans for the annual meeting.
3. The board heard the monthly report made by Mr. Berrien, Credit Union Manager.
4. It agreed to try to get seed money for the Credit Union.
The board was very pleased with the results of Mr. Berrien staff in reducing delinquent loans. This month promises to be a big month for them.
WORDS OF HOUSEHOLD WISDOM
Heads of household always have good ideas of caring for the home and family. This week and next week, Consumer's Corner will share some household hints with its readers.
1. To remove chewing gum, harden the gum by rubbing it with ice. Scrape off excess with dull knife. Sponge with tret-

chloroethane (spot remover). Rinse and launder.
2. To remove lipstick and rouge, loosen stain with spot remover. Rub in detergent until stain outline is removed. Launder.
3. Remove all stains as soon as they occur, if possible. Do not iron any stain, this will set them in deeper and will be more difficult to remove from the fabric.
4. All products must carry a label that includes the name and business address of the manufacturer, packer, or distributor.
5. Frozen fruit, vegetables, and red meat that has been thawed should be used within a few days or refrozen within 24-26 hours providing the food has been in the refrigerator.
6. Frozen food should be thawed in the refrigerator, when ever possible. Do not thaw foods in hot water as this results in loss of flavor and nutritive value.
7. Baking soda and water boiled in a saucepan or coffee pot will clean hard to remove food stains.
8. To clean a refrigerator, use dissolved baking soda in water; rinse and dry.
9. All shoes are made over lasts, (wooden forms which give the shoe its shape, size, and style.)
10. Check your child's shoes

for fit about once a month.
The above are only a few words of wisdom. If anyone would like to share their short cuts homemaking please give them to Mrs. Jane Mecum.
