**Liberian Studies In Rocky Mt.**

ROCKY MOUNT - When Dr. Claiborne T. Smith, veteran staff physician at Park View Hospital here, wrote an article which was published in The New England Journal of Medicine, little did he expect it to catch the eye of someone from far off Liberia and be the guiding influence in bringing Mrs. Olivia Coleman here for a course in Practical Nurse training at Nash Technical Institute on the outskirts of Rocky Mount.

Rev. D. L. Morrison is the minister.

**'End Executions'**

NEW YORK - The NAACP Legal Defense and Educational Fund, Inc., is seeking to have capital punishment abolished in the United States. The organization is doing this by asking the U. S. Supreme Court to void the death penalty imposed on an Arkansas prisoner and by urging the high court to review a California supreme court ruling upholding capital punishment.
