

Cumberland County Community Action Center

FAYETTEVILLE - With the summer approaching plans are being made for a VISTA Summer Associates Program. This program will take fifteen low income youth and train them as VISTA Associates for summer work in Cumberland County. The major aim of the program will center around youth organization. The Volunteers will work closely with the Youth Program which the C-CAP Board approved at its last meeting and is currently on its way to Washington for funding.

The Summer Associates program will provide three days of pre-service training with weekly follow up sessions conducted by the VISTA staff and special consultants. The Volunteers will receive a living allowance, in addition \$50 will be set aside for each month of service. Summer Associates will have the option of enlisting in the regular VISTA program at the end of the summer. VISTA SUMMER ASSOCIATE PROGRAM

Purpose: Fifteen VISTA Summer Associates who will work in the area of development of youth groups throughout the city of Fayetteville and the rural areas of Cumberland County. Basic requirements: Be at

least 18 years of age. Be interested in youth organization. How long will I serve? 2 1/2 months, starting about June 9, 1969 (with the option to convert into the regular VISTA program at the end of the summer).

What about my expenses? As a VISTA Summer Associate you will receive a living allowance of from \$40-45 per week. This will cover housing, food, clothing incidental expenses and transportation. VISTA will also set aside \$50.00 for each month you serve in a lump sum of \$125.00 upon completion of 2 1/2 months of service.

How do I apply? Pick up an application at the VISTA (C-CAP) office, 528 Hay Street.

How will my application be acted upon? The local VISTA office, with a field representative from Washington, will interview each applicant. Reference will be checked and the applications will be forwarded to Washington for selection. Final selection will be made upon completion of training.

What if I am married, if I have dependents? You may apply, but sign off from the other spouse will be necessary. What kind of training will I receive? Three days pre-ser-

vice training, with weekly in service training sessions to be conducted by the VISTA staff and special consultants.

What will be my working hours? As a VISTA Volunteer you will have a fulltime commitment to the people you serve. It is no 9-5, five-day-a-week job. You will be asked to offer assistance whenever you are needed.

What about a car? Upon approval mileage will be paid for privately owned vehicles performing work related tasks.

What is I need more information? Call, write or stop in - VISTA, 528 Hay Street, Box 272, Fayetteville, N. C. 28301 or call 485-6131.

Fire Tower Construction Bid Told At Fort Bragg

FT. BRAGG - The Savannah (Ga.) District Army Engineers have announced that

the Georgia Electric Company, Albany, has submitted the only bid \$22,368, for the construction of a 100-foot steel forest fire observation tower here.

Announced as the apparent low bid, it is subject to investigation and verification prior to being awarded. The Government had estimated the construction cost would be \$31,-184.

If verified, construction should begin in 30 days and be completed in 120 calendar days.

To be constructed on Cooley Conche Mountain (a hill) at the corner of Lament and Longstreet Road, the new tower will replace an outdated 60-foot tower. The working quarters of the tower will be seven feet square, with an eight foot ceiling, and open windows on all sides.

When completed the new tower will be one of three used to protect the forest on this 135,000 acre post.

paid in 30 days, the "call price" or the redemption payment would have been \$250. A gross profit of \$120 for the loan shop.

However, money for repayment that the complainer expected did not come. Six days after the due date on the loan, the manager of the shop was to pick up the car, so Human Relations got the complaint. Since the shop was just outside the city limits, the Department could only advise the complainer how to act in the complainer's own best interest. It is interesting to note that the need for immediate money over-rode consideration on the part of the complainer for the cost of the loan. The loan shop took advantage of a desperate situation.

An approach must be found to make persons more human, and the disadvantage of one person should not become the advantage of another. This is what human relations is all about.

On July 1, 1969, the "Truth in Lending" bill will become effective. Citizens under this law will know exactly what they are to pay and what they are

paying it for. But the law in and of itself will not take precedence over the desperation of the situation of the need which causes one to willingly bind himself to outrageous and impossible demands. In such desperate situation, rather than pulling himself up by his own bootstraps, the person ends up losing his boots.
