BY NEGRO PRESS INTERNA-TIONAL THE "GREAT ONES"

CHICAGO-At least fans of two major league teams think that their star Black players ate "the greatest ever." Followers of the Chicago Cubs picked Ernie Banks as the reatest Cub, while those of the Atlanta Braves named Henry "Hank" Aaron as their top

BENDS AT LAST PRETORIA-Finding itself hunted aside in international competition, South Africa decided to bend a little and ignore its "no-mixing policy" in one sports category. Last week, the white South Africa Lawn Tennis union accepted the Black South Africa National Lawn Tennis union into full membership, in a bid to met

objections that it does not fully represent all the races in South Africa. LIKE A WOMAN???

MONTREAL-Maury Wills, the Expos' recent acquisition from the Pittsburgh P. rates, might be accused of being like a woman when it comesto making up his mind. Wills, at 36, ad announced his intention to retire from the game, but two days later, changed his mind and decided to continue play-

Farrow, Reid And Lucas Win In Greensboro Open Tourney

BY M. ALLAN

GREENSBORO-Playing in the Seveni .. Annual Greensboro Invitation Tournament, held recently, Negroes won all singles championships. What a difference seven years have made. Juan Farrow, Lynchburg, Virginia, defeated Steve Step-

the under 12 year old championship, but lost to Horace Reid, seeded No. 1 in three sets 4-6; 6-3; 6-3 in the under 14. Farrow is picked by Dr. "Whirlwind" Johnson to win the finals of the USLTA Under 12 National Championships, the

haniz, Greensboro, 6-1; 6-2 for first for Negroes since Arthur Ashe turned the trick. Horace Reid, Atlanta, Georgia, defeated Chuck Cloninger, Shelby, 6-1; 6-2, the defending championship to win the Under 14 Championships.

Johnie Lucas, Durham, won the 16, 18 Singles Championship, Lucas defeated Bob Koury of Burlington 6-2; 2-6; 6-2. Lucas had reached the finals by upsetting Carey Browder, Sweetwater, Tennessee in another three setter. Browder won both 16 and 18 last year.

The 1969 Junior Development Teams' next tournament will be the tough Southern Boys Championship in Davidson College, Davidson. The large number of Negro players in the Greensboro tournament was a pleasant surprise.

Phototimer Part Of Track History

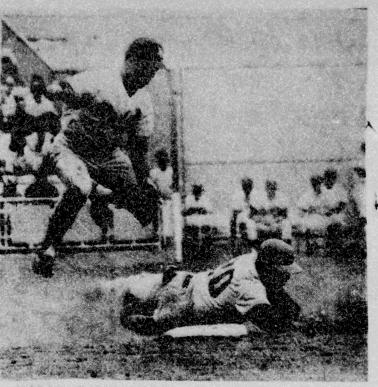

KNOXVILLE - The NCAA track and field championships at the University of Tennessee in Knoxville, Tenn., will have a history-maker helping the officials during the three-day meet on June 19-20-21 with the presence of the Bulova Accutron Phototimer.

The Phototimer has been of invaluable help to the officials judging and timing races for the past 21 years. The first version was introduced by the watch company in 1948, after Harry B. Henshel, now president of the company, suggested that a great help to track racing would be a photo finish camera similar to those used at the racetracks, but with time added to it.

Engineers went to work and the two units being used at the NCAA championships represent many months of work, and some \$200,000 in costs.

Every NCAA championship has found the Phototimer a lifesaver in unsnarling one or more photofinishes in which the runners were bunched so tightly together that the hand timers caught most in the same time. Even the longer races need the Phototimer, as was proved in the very first appearance of this equipment at the National AAU cross-country championships of 1948 at Detroit when only the camera separated Bob Black and Curtis Stone at the finish. The Phototimer showed that Black finished 1/100th of a second ahead of Stone.

Because human races are determined by the torso rather than the nose, as in horse races, tracks and field is even harder

WILLS TAGS AGEE - Los Angeles: Los Angeles Dodgers short-stop Maury Wills appears to be playing a game of hop, skip and jump as the New York Mets Tommie Agee slides into second during the eighth inning of game at Dodgers Stadium, However, Wills was faster than 🖤 Agee and made the tag to retire the inning. The Dodgers defeated the Mets, 3-2. (UPI).

Private Foundation Named For Ex-Heavyweight Champ Charles

CHICAGO-(NPI)-A newly or- tively work on young programs ganized foundation has been named in honor of Ezzard Charles, former world heavyweight boxing champion, it was announced today by Anna L. Owens, the foundation's secretary.

The foundation will provide funds and supervision for professional training and rehabilitation programs for the underprivileged and disabled, with particular emphasis on youth advancement.

Miss Owens, who is in the Inheritance Tax Division, Illinois State Treasurer's office as executive appointments secretary to Adlai Stevenson, III, said that, "for a foundation that is devoted to helping young people meet the requirements for jobs that offer potential advancement, and to also assist those who face the extraordinary personal adjustments of rehabilitation, the naming of this foundation for Ezzard Charles is particularly appropriate."

Charles has continued to acminds the VA.

cott in 1951.

PETERSBURG - Twoplayers on Coach William B. Bradley's Virginia State College baseball team have been chosen for the second team of the all-CIAA selection for 1969.

Despite the Trojan's disappointing final record of 7-12, several players turned in sparkling seasons, although VSC's two returning all-CIAA selections from 1968 were not repeaters this year.

The two Trojans picked for the second team this year are sophomore second baseman Raymond Wilkins and junior outfielder Joe Hollman.

Wilkins was VSC's leading hitter among the regular-play-

ing Trojans with a final average of ,418. The stocky Wilkins, from Adsit, Va., tied for the club lead in REIs with 10, collected the most hits by a Trojan (23), led in total bases (32) and struck out only four times in 55 at bats.

Hollman who hit VSC's only home run during the season, finished with a .354 average. He led the squad in stolen bases with 13 and was one of the team's most reliable clutch hit-

ters. A resident of Chester, Pa., cided upswing recently when Hollman was also recently four top Mississippihigh school names to the District 29 all- track stars accepted grants-in-NAIA baseball squad, Coach aids to attend the school. New-Bradley said.

Art Hazlewood, a junior from Guyana, South America was the leader in batting for the Bison, scoring 216 runs on the season. Hazlewood set a school ficials. record against Penn State as But the phototimer judges all he scored 72 runs.

Carlton Martin, a sophomore from Jamaica, W. I., was runner-up in batting with 158 runs scored. Martin, a two-letter man, is also a standout soccer player for Coach Chambers. Earl Buchanan, another West Indian, led the team in bowling. Buchanan, a junior, had 17 outs to his credit. Team captain Peter Stephens of Guyana was second with 12 outs. Stephens in also a junior. Freshman Perry Springer

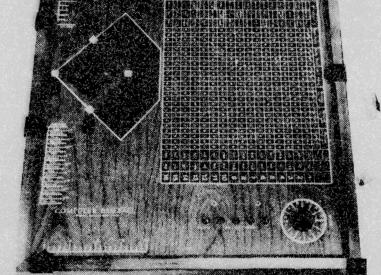

was voted the honor of the team's outstanding bowler, for his gritty performances under pressure. Springer, the smallest man on the squad at 5foot-4 and 135 pounds, retired the side against Penn State to protect a slim lead. He had a total of 11 outs for the year. "This has got to be one of

the finest teams Howard has ever fielded in any sport," Chambers added in final salute.

on the officials than other sports. A change in the definition of the torso starting May 1, in which the neck no longer is included in the judging, has made it no easier for the of-

races the same way, regardless of which part of the body is the determinant in the outcome. It can do so because of the way it is designed. First, as distinguished from regular shutterprinciple cameras, the Phototimer is an open-slit camera. Bulova operators appear at the track many hours before all other officials, so they can place the cameras exactly on the finish line are photographed. The pictures you see may look like one shot of many rummers, but these are prints from a moving roll film which goes horizontally right to left or left to right, according to the

direction of the race. As each runner crosses that line, he is photographed, along with the time in which he ran, which appears above his head, Each Phototimer picture also provides the information which identifies the race and meet and the position of each runner in relation to the others.

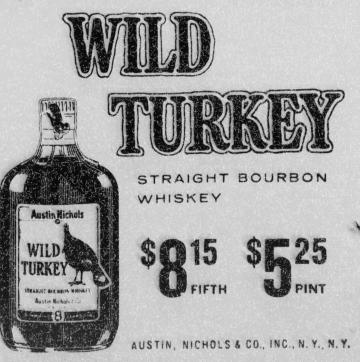

Baseball has come a long way since its early years. With professional baseball now celebrating its Centennial Anniversary. Abner Doubleday, baseball's inventor, would certainly be amazed to see that his game has been computerized.

It was not until 1944 that the first computer was built at Harvard. Since then, great strides have been made in computer technology. By using their knowledge of computers and computer circuitry. Electronic Data Controls Corp. a prime supplier to the data processing 'industry, has developed a brand new game for baseball fans - Computer Baseball. Played like a real game. Computer Baseball is programmed to provide the thrills. excitement and suspense of the regular game. The fielding team chooses its pitch and the team at bat decides whether it should hit,

steal or whatever other strategy is needed, and the computer works out the results. Each play presents the same percentages and odds involved in actual games. Computer Baseball is just

one of the new computerized games from Electronic Data controls Corp. Others are computer Football, which is now in the hands of coaches of all pro football teams, and Computer Basketball and Hockey. Players who apply themselves will find their imagination, skili and ingenuity constantly challenged.
