IMPRESSIONS IN BRONZE

1301 Branch Street BY EDDIE HERMAN DAVIS Phone 828-2415

"TOKENISM AS FRONT"
(Editor's Note: The author of this column, Mr. Davis is contemplating writing a book, containing all of his thoughts, in the very near future. Following is the second in a series of articles.)

All over the world today, there is oppression of colored people, but Raleigh is one of the most outstanding cities for its contribution to the oppression of Black Normal-ly, we as blacks would think that there is so much oppression in our city that all blacks would be in an uproar. What most blacks think is that they are living pretty good. They can go anywhere they want to. They don't have too much to worry about; pay is pretty good; wife is working, I'm working.

We have some bad roads sometime, but this is something that you have to except in life. Now let us just stop and think about all that I have mentioned. Can you really say that all these things are true (because anytime someone asks you about how you are doing you say this: (1) You worry all the time, (2) Bad pay under the poverty guide line 4,000 dollars, (3) Housing remember Dennis Ave.?, and the projects that haven't been built, (4) If you had a good paying job, your wife wouldn't have to work, and even with your wife working we find that we still can't make ends meet. We find ourselves still in the same pickle, (5) This is the bad road philosophy you have been on all of your life. (There ain't no good roads for Blacks). Now you wonder why after all the years of hard work - why 'why' you are still on that bad road.

It's not only the white man that is trying his best to keep blacks on that bad road but the tokenism Black also. The white man takes advantage of ingorance and blacks idolization of whites. The white man places blacks in positions of so-called authority and power over black business, black recreation, black communities, black housing, black schools. All these blacks are what I call 'token blacks.' I know I will be disliked personally for saying this, but it's time the token blacks of Raleigh see themselves for what they really are. Token Blacks are Blacks that have no say so over the procedure of rules and regulations. They are already made out and this black has the audacity to tell you this is all he can do. He hasn't done anything. This black is just there and he can't do anything.

Just the other day, I asked one of these blacks if I could use a Gym to give a dance for the teenagers and charge at the door to help other blacks and he didn't even know if I could use the Gym. He did say I couldn't charge at the door and when I asked him why he gave me some 'off the wall' story about him trying to raise money for some uniforms. This may not be the story you get, but it

will be something along the same line, and we cry about what the white man is doing to us. Look at your back porch first and clean it up. The blacks need to start recognizing the other oppressor the Token Blacks and don't start saying to yourself that his is a black man and the blacks should not try to bring

other blacks down because he is doing the best he can. That's alot of balony, because if he was black he would be trying to help blacks in any way he could, but he is white on the inside, so if he is there and not there for you, get him out and get a black in there who is for Blacks! The Token Black with all his prestige, is he all he poses to be?

BY MRS. RUTH M. BETHEA Phone 832-6389

During these perilous times of sickness, unexpected deaths, disappointments and what not, ask yourself this question: Don't you think, don't you feel that everyone should live closer to Our Heavenly Father? We know neither the day nor the hour when the Master will call us from this earth to another world.

This columnist sympathizes with Miss Nannie H. Morgan of Oberlin and the entire family in the loss of their husband, brother and nephew, who departed this life unexpectedly on June 18. He was born in Raleigh and attended the Raleigh Public Schools. His funeral was held Saturday, June 21.

We also sympathize with Dr. James E. Cheek and his brother, Dr. King V. Cheek, and the entire family in the loss by death of their father, Rev. King V. Cheek. His funeral was conducted last Sunday in Greensboro.

We wish to apologize for a mistake last week in making mention of Rev. Perry's illness. It is Rev. George Perry and not Rev. L. P. Perry. I am sorry for the mistake.

Mrs. Addie Grant of Lumberton was the house guest of Miss Rachel McCauley last weekend.

Davie Street Presbyterian Church members and friends were happy to have Rev. Bagley of Virginia to speak last Sunday at the morning worship service. Rev. Bagley's subject was "How To Cope With Change." His message was meaningful, dynamic and thought-provoking. We hope he will be with us again soon. A most appreciative audience was present to enjoy this new man of God and Davie Street's full choir rendered beautiful music.

Dr. G. W. Carver Named To Agriculture Hall Of Fame

WASHINGTON - (NPD) - The
late Dr. George Washington
Carver, the scientist who is
noted for his work in soil
science, chemistry, botany and
conservation, has been named to
the Agricultural Hall of Fame.

He joined such other noted A-
mericans as George Washing-
ton, first president of the U. S.,
Thomas Jefferson, industrialist
Cyrus McCormick and Justin
Smith Morrill--the first to be

honored by the national agri-
cultural memorial at Bonner
Springs, Kans.

Dr. Carver, who was head of
the Agriculture Department at
Tuskegee Institute, Ala., for
more than 40 years, develop-
ed new products that could be
grown locally, working espe-
cially with peanuts and sweet
potatoes. A plaque honoring
Dr. Carver was presented to
the U. S. Department of Agri-
culture in 1965 by the Carver
Commemoration committee.

While the five men are noted
for other contributions to A-
merican history, their selection
by the Hall of Fame's board of
directors was for their achieve-
ments in agriculture alone.

George Washington had 12,-
000 acres of land under his con-
trol at the age of 40 and suc-
cessfully demonstrated that
farmers could be self-sufficient
and independent of foreign
markets. Jefferson was noted
for invention of the seed drill,
a hemp rake and a threshing
machine.

McCormick helped settle the
west with his invention of the
plow and reaper.

Morrill introduced the bill
that President Lincoln signed
into law that granted to the
states on the basis of popula-
tion, 30,000 acres of public
land. Proceeds from sale of
the land were used to establish
the Land-Grant University sys-
tem.

PREGNANCY PLANNING AND HEALTH

BY MRS. GLORIA RIGGSBEE

Dear Mrs. Riggsbee:
I would like to take the pill
that you take every day. Can I
get it free from you? I was
told that I could get it from the
Health Department free. Thank
you, Mrs. A. L. J.
Dear Mrs. A. L. J.:

Yes, you can get the birth
control pills at no expense to
you at the Wake County Health
Department, as long as you are
a resident of Wake County and
have no doctor of your own.
Call 833-1655 and ask for an
appointment in the family plan-
ning clinic.

Dear Gloria:
I don't have any questions to
ask you, I just want to tell you
how happy I have been since I
found out about family plan-
ning.

During my third pregnancy,
my husband became mentally
ill and lost his job. We decid-
ed we couldn't afford another
baby, so my husband and I
decided to give up the baby
for adoption. It was such a
painful experience for me to
give up my baby that I knew I
could never go through it again.
My husband finally had to be
put in a hospital.

It was my welfare case-work-
er who told me about family
planning and now we are a
happy family again. My hus-
band is all well and home with
us. He has a job and so do I.
It's so wonderful to know
that we can plan for our next
baby and I feel my health is
better since I'm not always
worrying about becoming preg-
nant. I just wanted to tell you
how happy I am and hope some
of your other readers will dis-
cover family planning for them-
selves. R. H.

Dear Mrs. R. H.:
Yours is indeed a true "suc-
cess" story and I'm very hap-
py for you. Family planning can
make a great difference in the

lives of all of us, and I know
you'll always be grateful to the
caseworker who told you about
it.

I would be happy to publish
any stories from my readers,
telling how family planning has
helped them. Write to me in
care of the CAROLINIAN, P. O.
Box 628, Raleigh, N. C. 27602.

Dear Mrs. Riggsbee:

About a week ago, I went to
my doctor because I'd been hav-
ing some bleeding between
periods. He says I need to go to
the hospital for a "D & C".
He explained it to me, but I
was so upset about having to
have an operation that I
didn't really listen to what he
said. And I was too embar-
rassed to make him repeat
it and let him think I hadn't
been listening.

Please tell me, what does
"D & C" mean? Is it dan-
gerous, and how painful is it?
I'm scared of going to hospi-
tals. Maybe some other women
who read your column would
like to know too. Mrs. E. C.
Dear Mrs. E. C.:

There is no reason for you
to be frightened over the pro-
spect of a "D & C". The "D"
stands for "dilatation", the
stretching of the neck of the
womb. The "C" stands for
"curettage", the process of
scraping with a special instru-
ment called a curette. It is a
very simply procedure which is
performed for a number of fe-
male disorders. It is actually
nothing more than a scraping
of the lining of the womb. There
is no incision, it is done under
anesthesia, and there will be
very little discomfort - if any
- when you wake up. You will
only be in the hospital for a
couple of days.
