BY MRS. A. H. THORPE  
TELEPHONE 632-3029

LET ME TRAVEL THE ROAD  
Let me travel the road,  
The road of life,  
where the races of men go by,  
The men who are weak from their loads of sin,  
And the men who are good and strong,  
I would not load with a scowlers eye nor hurl the cynics bow,  
But let me travel the road,  
The road of life and be a friend to man.

# Come to Church

BY MRS. MAY L. BROADIE

I heard the Voice of Jesus say I am this dark world's light, look unto Me, thy morn shall rise and all thy days be bright. I look to Jesus and I find in Him my stars, my sun, and in the light of Him, I will wale 'til traveling days are done.

Dear God, our heavenly Father, help us to walk in Thy light for Thou art our only light and without Thee, we would stumble and fall. Thou knowest how weak we are. Help us to lean on Thee for strength. With humble hearts, we come into Thy presence. Help us to commit all of our ways unto Thee. Thou hast promised that if we come unto Thee, we shall find rest in Thee. May we find rest in our troubles, sorrows, and disappointments of this life. We thank Thee for the privilege of bringing everything to Thee in prayer, for Thou will never leave us comfortless. We rest solely on Thee, in Jesus' name, Amen.

Your professional beautician knows the answer... Is peroxide needed to color unwanted gray hair? Hair care and beauty experts know that the first traces of gray hair—and even slight fading of natural color after chemical relaxing—can dull a woman's appearance and make her look older than she feels. While most women hate these premature aging effects, many are hesitant about using permanent peroxide haircoloring which may change the natural hair color while coloring gray. Professionally-trained hairdressers know the importance of their customers' preferences when unwanted gray becomes a problem. These experts also know that Clairol created semi-permanent Loving Care® hair color lotion without peroxide... to color only the gray without changing the natural shade. They also find Loving Care blends color faded by chemical processing. Because of its mildness, Loving Care maintains healthy looking hair and lasts through a month of shampoos. Whatever a woman's reason for wanting Loving Care for her hair, she is always wise to consult a professional beautician. Hairdressers are equipped with a family of fine Clairol products and the training to promise each patron the loveliest and most personalized haircoloring effects every time she visits her salon. If you dislike gray, and want no peroxide, why not ask your beautician to glamorize it with Loving Care? ©Clairol Inc. 1967 Courtesy of Clairol Inc.
