FULL-YEAR HEAD START TO CONVERT TO FULL-YEAR, FULL-DAY
The Full-Year Head Start Program will convert to a Full-Year, Full-Day program. The change will be effective as of September 1, 1969.

There will be no severe changes in the present work program. The work day will be extended five hours, thereby, giving the 165 enrollees a more effective educational program and sufficient time for free play and meals as well as rest. An additional snack will be given in the afternoon. There will be no change in the medical, dental, psychological and social services phase.

Hope Mills and Massey Hill Centers will be consolidated to cut cost and to boost efficiency. This act will still be within the bounds of the civil rights

requirements. Assistance in implementing evaluation recommendations for program improvement have been added. In order to cover the extended day, teacher aides have been added on a staggered schedule. The schedule follows: Instead of 11 teacher aides working 6 hours a day each and 5 janitors, 2 janitor-bus drivers, and 1 bus driver, the Agency will schedule: 6 janitor-bus driver-aides. They will drive the buses or cars used in the program, will maintain the premises after the children

have been driven to their homes, and will serve as teacher aides to provide male images and to cover hours not covered by other teacher aides. They will work 8 hours a day. Others will be: 5 teacher aides working 6 aides working 5 hours per day; 4 teacher aides working 4 hour per day; and 1 teacher aide working 2 1/2 hour per day. Substitute teacher hours have been reduced. Increments and overtime have been deleted from teachers or others who work less than 6 hours.

Henderson News

BY L. B. RUSSELL

HENDERSON - Mrs. Mary Smith of 1519 Nicholas Street is again on the sick list. She is a faithful member of Shiloh Baptist Church and is highly respected by everyone who knows her. Sister Smith, as we familiarly call her, is nearing her eightieth birthday and she seems to be stronger in the faith of her Lord and Master than every before. Her children, who live away, were here to see her a few days ago and brought joy and comfort to her. Chester Smith, her son, and Miss Mattie, her daughter, are living with and near her to give a helping hand at all hours of the night. May God strengthen them to hold out and prove faithful to the end.

Mr. and Mrs. Silas Lyons, Jr., of 525 Stone St., were happy to greet their son, Sylvester Lyons, who is now classified at Specialist 4, and has arrived from Vietnam and will remain with them for thirty days after which time he will leave for overseas duty. Mrs. Lyons is expecting her other son, Samuel, to arrive home soon from overseas duty.

Mrs. Ernestine Carroll of Roxboro, Massachusetts was the weekend guest of Mr. and Mrs. Walter Williams of 238 Pinkton Street. As Mr. and Mrs. Carroll left for home last Friday, they expressed themselves as having had a lovely time in Henderson. They were accompanied by their three children, Tony, Debra and Susan.

The Rev. John E. Durham of New York City, his wife, Mrs. Jessie Durham, and their two children, Eliza and Yvonne, paid a visit to his mother, Mrs. Eliza Durham who lives in the Drewry Community. Also with them were his sister, Eliza, and her daughter, Shirley Ann. Shirley is a 1969 graduate of Howard University.

Mr. Willie Parham, a native of Henderson, died in Boston, Mass., last Saturday night as a result of a car accident. The funeral services were conducted last Thursday at the Mt. Moriah A.M.E. Zion Church. Survivors include a step-mother, Julien, locating in Oregon for his co-starring role in Columbia's "Getting Straight," has acquired the screen rights to Nathaniel Smith's "The Floater," and will probably direct-star in the drama.

In L. A., for the first time since 1849, blacks are discovering the vein of their talent. Several black enterprisers from back East and the South are pooling their talents, resources and monies and are effecting a major production company. Jobs available for many actors and actresses, hey! Robert Hooks, actor and founder of New York's Negro Ensemble company, is in Hollywood to open three plays at Inner City, and to do a TV film, "Mr. Carter's Army."

Don Perkins, fifth all-time ground signer in the National Football League, is making a play for stardom-- he inked with CBS as a sports reporter. Sinatra will entertain the Apollo's astronauts in Houston's Astrodome Saturday night. Bob Jones is fantastic--and a very shrewd businessman. His press party (supposedly for James Brown) at the Playboy Monday was well attended and a very rewarding surprise. Bob's introduction of his newest discovery was a stroke of genius--and what's so "mean" about the entire set was, that the "singing-discovery" could do it.

Randy Crawford, blacks, beautiful and abundantly talented, is (with proper PR) destined to be as big as Aretha. She has that quality of success. Lola Falana, Mira Waters, Lincoln Kilpatrick, UA, and a few other stars were moved by Miss Crawford's singing. "There won't be any nude scene," seethed Jacqueline Bisset. "I told them: I wouldn't do it." She was to swim through a pool with Jim Brown, both nude, but now there's a change of heart... It's the second movie marriage for JB--first, Janet McLaughlin in MGM's "Tic... Tic... Tic"--and now to Jacqueline, "The Grasshopper". Shirley Bassey sez that "Men are not inclined--or else they're too timid--to ask a star for a date, and that makes it hard for the star who wants one". Miss Bassey, formerly of England is now in Las Vegas... Della Reese is in Hollywood Community Hospital, Room 511, with a slipped disc. I know that many of her fans would like to aid this beautiful talent to a speedy recovery, so fill her room with flowers, letters and cards--so that Della will return to us, well healthy and as soulful as ever.

Mrs. Annie Parham, and his father, James Parham, both of the home; a brother, P. G. Parham of Henderson and a grandmother, Mrs. Hallie Jones of Henderson. Rev. S. P. Cook officiated and burial was in the church cemetery.

Mr. Pearly Stanley of 1709 Nicholas Street, was found dead in his room last Wednesday morning. Pearly lived with his sister, Idellar Vereen, who stated that she went into her brother's room to carry him his breakfast and found him dead. Sheriff L. B. Falkner's office in investigation, found no evidence of foul play. Stanley's funeral was conducted last Sunday afternoon at the Cook's Chapel A.M.E. Zion Church with the pastor, Rev. E. N. Drake, officiating.

Put Joseph Silver, a veteran in the U. S. Army and stationed in Vietnam, is here visiting his parents, Mr. and Mrs. Mayola S. Wilkerson on Pinkton Street. Joseph will remain with his mother-in-law and father-in-law, Mr. and Mrs. Columbus Richards of 453 Powell Street, where also his family resides. Joseph will report for further service in the states after the expiration of 30 days.

ST. ANDREWS UNITED CHRISTINA CHURCH NEWS
Our Sunday School lesson was "God's Presence With His People." The memory selection was "I will walk among you, and will be your God and you shall be my people." Lev. 26:12. There were 86 present.

During the second Sun- MISS FIELDS day services, the congregational services were held from 11-11:30. Then the service was turned over to our pastor, Rev. W. J. Wilson. He read the scripture from the 14th chapter, St. Luke, 25 verse. Then the junior choir sang "Faith of Our Father." Rev. Mrs. Davis prayed. The junior choir rendered "How Great Thou Art." The pastor took as his text, "The Cost of Discipleship," from the 14th chapter of St. Luke's 26 gospel.

In his discourse, he said that it costs us our lives to give up everything for God. If any man comes to me, and hate not his father, mother, wife and children and brethren and sisters, yea and his own life also, he cannot be by disciple."

The pastor led prayer at the altar, after which Bro. Mason, Bro. Harris and Deacon Gales lifted the offering. Visitors were Mr. and Mrs. Vicellus

UNEXPECTED IDEAS!
BY CANADA DRY
Where the Unexpected is Expected

Unexpectedly, you're a favorite magician among children!
Fill a tumbler with water up to the brim, cover with a small sheet of paper, invert the tumbler--and the water will stay in the glass! Practice a bit, and you can learn though steel is heavier than water--to make a needle float unexpectedly (don't let your fingers

touch the water when you drop the needle horizontally). Everyone knew that Englishman Harry Beary was a flop. For years he toiled to find a new metal for gun barrels, but all he ever came up with was a shiny metal that was too hard to machine to be good for gun barrels.

Poor Harry never did much for the world, right? Wrong! Though almost no one today has ever heard his name, Harry Beary is the man who unexpectedly invented stainless steel!

Just as Canada Dry didn't expect its ginger ale to be such a favorite with so many, Harry Beary's neighbors never expected that millions of people would one day be aided by Harry's efforts to invent.

With their practicality and drive toward perfection, Virginians get a bouquet for being fine craftsmen, but they are also able in matters that require analysis and discrimination. Systematic and disciplined, Virginians often serve their fellow man through volunteer work or elective office.

Virginians major problems, however, are buoying their optimism and curbing their intolerance and aloofness. Their thrifty ways, however, make them excellent managers.

Don't forget our fourth Sunday services. Your reporter and her two sisters, Evelyn and Wanda Field, are visiting in Washington, D. C., with their aunt for two weeks.
