FCD CHARGES UNFAIR
ROCKY MOUNT—The charge by Nathan T. Garrett, Durham director, Foundation for Community Development, that this city is holding "a kangaroo court" for the 34 Negro students who were allegedly involved in creating a violent disturbance at the recently consolidated Rocky Mount Senior High School (this year having absorbed the former Negro BTW High) is a flagrant attempt by non-residents to black-mail a community which has made a valiant effort to make school integration work, even though everything may not have been done.

Rocky Mount is no Utopia, but it has come a long, long way on a difficult road with the more thoughtful citizens of all races here working hard to overcome the anticipated problems which were made even more difficult by the out-of-town workers sent in by Mr. Garrett's and other organizations whose programs alienated the Negroes from each other as well as from the Whites trying to help eradicate discrimination. In plain words, many ideas spread abroad here and in other communities have kindled hate in the hearts of those needing help the most; even where the NAACP and Voters League have striven for years to get cooperation and

assist in advancement for all. School officials here, apparently, have dealt tacitly with a touchy situation. Certainly, school disciplining problems have no right to be in public, as Mr. Garrett seems to demand. (This column has refrained from writing on this nasty affair until this charge of unfairness was thrown by Garrett, who seems unaware that a booklet of "40 Questions, 40 Answers" was distributed by the thousands by the local Chamber of Commerce's education committee, upon which Negroes served; and then classes were held by adults and youths of both races in a massive attempt to head off what foreign influences succeeded in doing after two years of working here).

We state these facts in spite of the probability of being dubbed an Uncle Tom.

Mr. J. A. Mann, E. Jones St., let slip a closely-guarded secret last week. He whispered to a friend "I'll be seventy years old on Sunday." While some remember Mr. Mann as an outstanding salesman for the N. C. Mutual Life Insurance Co., he wasn't a big producer in the column of dollars and cents, but for facing the facts, he was No. 1. He promised only what the company promised, not one cent nor one advantage more. But before coming into life insurance, he was a moulder of men at the old Berry O'Kelly Training School. What a football juggernaut he had! And a championship baseball club in 1928 which would have made any coach happy. He is a Lincoln U. man. He has been a member of St. Paul A.M.E. Church here for a number of years. His wife is the former Miss Phyllis Brower. Congrats, J. A.!

TAURUS (April 20-May 20): Keep pace slow, Taurus. Slow and easy will get you exactly where you want to go. Rush ahead pell-mell and you'll really goof up the works. After first day of week, you will feel energy return slowly. Attractive member of opposite sex could enter picture. Simon says: "Take no giant steps."

GEMINI (May 21-June 20): First three days of week will find you below par, Gem. You will tire easily, so avoid any unnecessary confrontations. However, on fourth day, energy will gradually return and that versatile mind of yours will be jumping with ideas. Just a word of caution from old Olga: don't scatter your forces. Key word is "join."

CANCER (June 21-July 22): You're in for a few low days at beginning of week, Moonchild, so during this time, don't sign any papers of a legal nature. Your mental alertness will be low. By fifth day, however, you should come out of the shadows and really perk. There is one who finds you very difficult to understand. A loved one. Better try to communicate before situation gets out of control.

LEO (July 23-Aug. 22): Week starts with a Bang! Leo, but ends with a whimper. Sorry about that. Your impulsive nature may nudge you to excess. If you give in, be prepared to pay the price. Which just may include a monumental hangover.

VIRGO (Aug. 23-Sept. 22): First four days will be dandy. You'll be at zenith of energy. Make good use of time. No need to be so darned reserved, Virg. There are many of your associates who find you quite attractive, but you turn a cool head. Try not to analyze too much. Better you should socialize.

LIBRA (Sept. 23-Oct. 22): Watch your words in week ahead, Libra. There is one who is absolutely emerald with envy. Try to get your personal and business affairs on a more stable basis. Then, as week wanes, you can go galloping off into the sunset if you like.

SCORPIO (Oct. 23-Nov. 21): Scorp, will the day EVER come when you are content and satisfied? What's this void that you feel you must constantly be filling? "Action" is key word for week ahead, so don't allow yourself the luxury of being seduced by the Daughter of the Vine.

SAGITTARIUS (Nov. 22-Dec. 21): Be cold and calculating in week ahead, Sag, as far as business associate is concerned. You usually show excellent reasoning and good judgment, but in case in point, emotion may take over. Time not good for any final fiscal thrust.

CAPRICORN (Dec. 22-Jan. 19): High cycle, Cap. Take advantage of every day. Ambition will be strong. Career expansion could begin. If new opportunities come your way, which involve greater responsibilities, don't fink out. Isn't this what you've been waiting for?

AQUARIUS (Jan. 20-Feb. 18): First four days of week will find your energy cycle high, Aquarius. You may even be restless concerning a romantic interest. Remember that it is best to of with the old before you're on with the new. Week ends on note of suspension.

PISCES (Feb. 19-March 20): Romance is again featured in week ahead, Pisces. You are spotlighted. Is this what you want? Olga thinks not. Olga, in fact, thinks that Pisces should use better judgment. In short, don't be a dum-dum.
