Come to Church

BY MRS. MAE L. BROADIE 12 CHAVIS WAY - 832-0159

The 17th chapter of the gospel of St. John is appropriately called "A prayer of intercession." The word intercession means the pleading of one person to another, Jesus Christ came into the world to save sinners. He prayed for Himself and interceded for the disciples and for the world. He showed deep concern and compassion for those for whom He interceded. Today He interceded for us. An essential part of praying is intercession. We can make this effective and purposeful if we offer our prayers in the spirit in which Christ did. What the world needs today is for Christians to be sincere. Our God continues to be a prayer-hearing God. He is ever listening. On behalf of the world, States countries, government, societies, homes and persons, let us pray:

O God, our heavenly Father, who has sent me only son, Jesus Christ as our intercessor, grant us the grace to follow His example. Teach us to intercede for other even while we are in the midst of persecution and trials, thereby, may we work for the establishment and extension of thy Kingdom on earth. Keep us mindful of those searching for an answer; one which we can help them find. Use us to guide them to Christ so their search may end in rejoicing in His name we pray, Amen.

What's keeping you from looking good?

Dry, brittle, breaking hair?

It's something to get upset about. No girl likes to see her crowning glory breaking off. Scientists tell us that over-using hot combs and over-processing hair with chemicals are often the major causes of brittleness. But even curly "natural" hair tangles and frequently breaks... just in everyday combing.

Professional hairdressers, too, know curly hair tangles easily... so it must be softened before combing to avoid breaking. This way you'll avoid irritation to the scalp and damage to the hair and roots. Many hairdressers rely on spray-on Clairol Hair So New - the no-rinse cream rinse. It instantly softens and relaxes all human hair (even wigs) and prevents breakage during everyday combing. Your hair stays soft and tangle-free.

When you have questions about your hair, it's smart to go to a professional hairdresser... the one who's trained to use the whole family of fine Clairol products the way you need them... to keep your hair at its most beautiful.

So don't get upset. Get a lift from a quick visit to the expert... your hairdresser. And keep on looking good!
