

Youth **Council** Activities

Prepared By Members of The Fayetteville Youth Council

By DAVID S. FREEMAN A wise Frenchman once said, "If youth know; if age could." What he meant was that when you are young, you don't know what to do. Then, when you have got old and experience and observation have taught you answers, you are tired, frightened; you don't care, you want to be left alone as long as you yourself are safe; you no longer have the capacity or the will to grieve over any wrongs but your own. So you, the youth, have the

power to change the world, rid it forever of war and injustice hand suffering, provided you know how, know what to do. And so according to the old Frenchman, since you can't know what to do because you are young, then anyone with a head full of white hair, should be able to tell you.

What threatens us today is Fear. Not the atom bomb, nor even fear of it, because if the bomb fell on us, all it could do would be to kill us, which is nothing, since in doing that, it would have robbed itself of its only power over us: which is fear of it, the being afraid of it. Our danger is not that. Our danger is the forces in the world today which are trying to use man's fear to rob him of his individuality, his soul, trying to reduce him to an unthinking mass by fear and bribery-giving him free food which he has not earned, easy and valueless money which he has not worked for; the economics or ideologies or political systems, communist socialist or democratic, whatever they wish to call themselves; the tyrants and the

politicians, American or European or Aisatic, whatever they call themselves, who would reduce man to one obedient mass for their own aggrandizement and power, or because they themselves are baffled and afraid, afraid of, or incapable of, believing in man's capacity for courage and endurance and sacrifice. So be not afraid to raise your

voice for honesty and truth and compassion, against injustice and lying and greed. Why not come to a Youth Council meeting and let your opinions be heard. How can we hep solve the problems of today's youth if everyone fears to speak out?

The Youth Council has really been busy trying to get its purpose over to the public. Last week we presented a program on Opinion Line and on the Human Relations Radio Show. Patty Mann has been busy

Anyone interested in working behind stage or taking part in the play, call Patty at 484-3787. Also there will be a Be-In at Rowan Park today from 2 p.m. to 7 p.m. Come on out to hear the Skye, DSB, Expressions, American Dream, and the

Casual Don't forget to send your donations for the arsenal to: Save the Arsenal, 2605 Fort Bragg Road. Your support is needed in all FYC projects because they are for you, the Youth.

We will be looking for you this afternoon at Rowan Park and each Wednesday night at 7:30, at the Honeycutt Recreation Center.

FSU FOUNDATION NETS CITY SUPPORT-Fayetteville State University's Foundation has received overwhelming support from local women's organizations. One of them is the Sigma Gamma Rho Sorority, Incorporation. Making the contribution to President Charles Lyons, Jr., is Soro Sarah Davis. With them is Dr. R. L. Hannon, Director of Development at Fayetteville State University. Next Week

FSU Asks State For \$81/2 Million

FAYETTEVILLE - Fayetteville State University president, Charles Lyons, Jr., presented capital budget requests totaling \$8,507,000 to the State Advisory Budget Commission here last Wednesday morning.

Commission members got a tour of FSU facilities on campus and other land that they would like to acquire. FSU's primary request is for a Academic Building because of classroom space shortage.

Fayetteville State's largest request is \$2,745,000 for a new Science Building. The Academic Building would cost \$2,405,000. In addition, a 450-bed dormitory was requested costing \$1,-755.000.

President Lyons told the commission that five degree programs and one minor have been approved to take effect in the fall of 1971.

"With the accelerating growth of industry in our area hold the greatest risk for the we believe that this institution should be training much of the skilled personnel needed by industry as well as producing first rate teachers for public schools meeting at 725 Hillsboro St. and candidates to enter the professions and government."

"With the enrollment increases which we can already see from statistics for the Fall tor. 1970 freshman class and with the WHAT "EASY CREDIT" phasing in of the Fort Bragg MEANS Program we are talking about doubling the enrollment of this institution in a rather short period of time. Thus the needs

here presented represented basic minimum requirements to begin to operate this expanded program," President Lyons

said. FSU lists the academic building as its first priority, followed by the air conditioning of all buildings (\$287,000), science building, student dormitory, convert portion of old library into communications center (\$205,000), acquisition of land (\$150,00), renovation of Mitchell Memorial Arts Building into Early Childhood Edu-
