(CONTINUED FROM PAGE ONE)

**SAYS MATE BEAT HER**

Mrs. Cecelia Chavis, 314 Lindon Avenue, reported to Officer B. M. Perry at 7:40 a.m. Saturday, that her husband, Ellis Chavis, 40, came to her sister's house, 306 Hill Street, to see her and when he entered the house, he began to strike her in the face with his hands. The woman suffered swelling on the right side of her face. No other information was listed on the report.

**"I CUT MYSELF"— SANDERS**

Cleveland Pearce Sanders, 41, 860 Newcombe Road, called THE CAROLINIAN over the weekend to report an erroneous statement in this column, last week. It was reported by Officer R. Clayborne at 12:08 Saturday a.m. that Mrs. Vidia Mae Sanders, the complainant's wife, cut him. However, Mr. Sanders said she did not cut him. Instead, he said, he cut his own hand, accidentally, on a picture frame. He said it was his wife who took him to Wake Memorial Hospital for treatment of the two-inch wound. We apologize to Mr. Sanders for any embarrassment caused him by this article, but we only printed what was on the police report sheet.

Lemuel McIver, 820 Manly Street, informed Officers J. W. Howard and K. J. Johnson at 10:49 p.m. Friday, that he was at 904 1/2 Manly Street, visiting Mrs. Jean C. Barner, and decided to go home. He said that when he arrived at his home, with his friend, Mrs. Barner, his wife was there in the bed. He said that Mrs. Barner and his wife, Mrs. Mary Lee McIver, 50, started "having words" about whether Mary Lee McIver and Lemuel McIver were married. McIver said his wife "then got up and got the marriage license" and he grabbed it and tore it up. He said his mate then pulled a knife and stabbed him in the right shoulder. He exhibited a two-inch wound in the shoulder. Mrs. McIver was arrested and charged with assault with a deadly weapon.

He said the subject with the knife, stuck it to his ribs and told him he would cut him if he moved. Nelson also said they tried to get him in the car, but he wouldn't get in. He said he would be able to recognize the men who robbed him of \$77 in cash if he saw them again. He said one of the subjects was short and wearing beanie glasses, but he could not get a very good look at the second man, who sat in the car holding the gun.

**St. Augustine's College Changes Charter**

The charter of Saint Augustine's College was changed recently as voted by its Board of Trustees at its June meeting. Two significant changes were made which are believed in the long run will make the program of the college a more viable one.

The first change eliminated the requirement that the Chairman of the College's Board of Trustees be the Bishop of the Episcopal Diocese of North Carolina. This change was made at the insistence of The Right Reverend Thomas A. Fraser, Bishop of North Carolina, who by virtue of his ecclesiastical office, served as chairman of the Board of Trustees. It was Bishop Fraser's feeling that the interests and mission of the college could best be served by making it possible for any member of the Board, Black or white, lay or clergy — to serve as its chairman.

"One of my great interests and concerns as Bishop of North Carolina," said Fraser, "is Saint Augustine's and the mission it has to the South and to the whole nation. It is my opinion that it would benefit the College and this mission if the Board immediately made a change in its charter so that someone other than the Bishop of North Carolina could be chairman."

In responding to an inquiry on the Board's action, President Prezell R. Robinson expressed the view that the Board had considered the wisdom of Bishop Fraser's suggestion and concluded that it was both timely and wise.

In authorizing the charter change, the Board reaffirmed its confidence and support of Bishop Fraser's leadership by asking him to continue to serve as Chairman of the Board of Trustees. The Bishop expressed his willingness to serve subject to his election on an annual basis.

In addition to a change in requirement for the chairmanship of the Board, the Board authorized changes in

the charter to provide for membership on the Board of a student elected by the Student Body of the College. This action follows that of a number of colleges in this country that have in recent years granted student representation on their boards of governance.

In other actions, the Board reaffirmed its support to the College as it made plans for initiating an appeal for capital funds with which to implement the College's long-range development program. Present plans call for major renovation and restoration of its present facilities, construction of classroom and living facilities, addition of a natatorium or indoor swimming pool along with development of a community park to be shared with the Raleigh community, and the strengthening and enrichment of its academic offerings.

A special committee was named to work closely with the church, its officers, and delegates to the General Convention. The committee will seek ways in which the College may hope to expect increased financial support from the church.

**Bill Knight Says Freedoms Same Now As In 1870s, 80s**

BY BILL KNIGHT

This may come as a shock to some of you, but you had the same freedoms that you talk about now in the 1870's and 1880's. That is just twenty years of so-called freedom. From 1870-1876 there were fourteen Black Congressmen. During that period the Ku Klux Klan came to spread terror in the Black community.

In Meridian, Mississippi over 30 blacks were killed by the Klan. The Klan wasn't convicted and the sheriffs had taken up most of the guns owned by Blacks. This was the beginning of the Klans that still exist today. Be aware, African people, your past history in this country holds the key to your future. Know your enemies.

Make no mistake about your future as Blacks in this country! During this past decade many so-called "Wolf Tickets" have been sold to the whites and time has come to pay the price. You may misread me but don't misread History. Things aren't getting better, it's getting worse. And it shall get much worse before it gets better.

As long as you continue to relate to what you have accomplished in the white man's world then you shall remain brainwashed. To feel that you are safe as long as

The next thing is the "preventive detention" bill before Congress. What would happen is that as the FBI and CIA or local law enforcement while reading this article could hold me in jail as long as they wished without bail. Take a good look Black people! The law will be used against people who are trying to free themselves and you from the oppressors.

Men judge the affairs of other men better than their own. —Terence.

In the quest of success, just remember there is no substitute for character or service.

One of the troubles with modern civilization is the men and women who think they know it all.
