## Your Weekly Horoscope

March 4 through March 10, 1971

ARIES (March 21 - April 19): Unusually active week for Ari. Mentally you will be stimulated. Perhaps emotionally as well. Your natural charm will aid you in getting your own way concerning confrontation with superior. Events may tend to snarl as week wears on. Exercise utmost tact with member of opposite sex. Just because you are governed by the planet Mars (god of war) is no reason for you to go on the warpath.

TAURUS (April 20 - May 20): New Friendship should flower in the slush of March. How nice. And if you are a true Taurean you had the prudence to tuck away a mite for a slushy day. So now go blow your mind, baby. Pal may call before last day of week. If money is requested, seek all details. Then give only what you can comfortably. No more. Personal matter comes to head on last day. Stall

GEMINI (May 21 - June 20): Favorable week for adventure. For real business, as well as the monkey kind. That which has been forming in the shadows comes into spotlight. Keep travelling duds handy. Just in case. As week ends interesting message will come your way. It may be clouded or coded, so stay alert and wear your magic decoder

CANCER (June 21 - July 22): You will perhaps cause anxiety for family friends in week ahead. Your actions will confuse. At your best you are the proverbial puzzle wrapped in a paradox, Moonbaby. Week ahead no different. Memory plays key role on last day. Stay close to home. And off the

LEO (July 23 - August 22): You, Leo, will be center of attention at social gathering before week is over. But then, you usually are. However, this time you will send out magnetic message which will be picked up by one who is new to your little horizon. Perhaps a Gem or a Libra. Ramifications of relationship could be fun. Dig?

VIRGO (August 23 - September 22): Hope Virg relaxed and had a good time last week with Taurus pal, for week ahead is scheduled to be somewhat of a drag. Work which has been postponed must now be taken care of. Clear deck of aggravations. Mail checks. Progress to be made in field of publication if you stick firm by the ramparts. Associate or family member may try to discourage you. Tell this person firmly, (but politely) to go play with a rusty razor blade.

LIBRA (September 23 - October 22): Pressure builds in week ahead, Libra honey. Take one day at a time. Don't flash. There is one who would happily give advice you need, but you must ask for it. Seek solace thru spiritual experience. Last day of week you will come out of the bog. Battered

SCORPIO (October 23 - November 21): Security may be threatened in days ahead, Scorp. Outside forces will perhaps be at work. You have two choices. Either get out the hammer and nails and build yourself a little wall of protection. Or do battle. If necessary, use that tail of yours which is tipped with such a venomous sting. If at present time you have several loves in holding pattern, make decision. Stacking is dangerous.

SAGITTARIUS (November 22 - December 21): Your sign is The Archer, Saj, and symbolizes the chase. Which is exactly what you are going to do in days ahead. Chase. And chase. And chase. What you catch, of course, is your business. Olga just hopes it will be more than a cold.

CAPRICORN (December 22 - January 19): Keep busy in week ahead, Cap. Thus you reduce possibility of getting into mischief. False move or word at this time could prove costly. Toward end of week message comes from new contact. Goodies are promised. Accept, accept.

AQUARIUS (January 20 - February 18): Loosen up in days ahead, Aquari baby. Let your mind contemplate that which is new and novel. Perhaps you are in a bit of a rut, intellectually. And while you're up dear, branch out socially as well. Try warming to a Saj. Saj who is Fire needs you Aquari. For you are Air and Fire cannot burn without air.

PISCES (February 19 - March 20): Olga's fishies can look forward to a week of real challenge. Career challenge or perhaps challenge of a more personal nature. One thing is for sure: You must make decision before week ends concerning dilemma which will arise. Especially if it concerns your tootsy wootsy.
