Come to Church

BY MRS. MAE L. BROADIE
12 CHAVIS WAY - 832-0159

COME TO CHURCH
Today many of us are in contest for our very being. Paul tells us who our enemy is when he says we are not contending against flesh and blood, but against the principalities against the powers if we are on the Lord's side, then we must equip ourselves by putting the whole armor of God. As with prayer we take upon ourselves the whole armor of God and look to the Holy Spirit for guidance and strength. We can say with confidence I'm ready for the contest, put me in.

Let us pray:
O God, help us to play on your side against evils which degrade and destroy. Help us in our complete unworthiness to share with others all the great joys of living in Him. Help us to respect ourselves and one another for you have created us. Teach us how to work together and to do so in a spirit of love and goodwill. Be our vine that we may have fruit, for apart from you we can do nothing. Thank you for teaching us to pray: "Our Father, who art in Heaven." Amen.

GRACE AME ZION - Sunday School opened at 10 a.m. with the supt., Mrs. Ella Hinton, in charge. The title of the lesson was "God, the Christian, and Government," taken from Romans 13:17 and Judges 9:8-15. The lesson emphasized that basically a healthy moral climate must be grounded upon the laws of God and the truth which He has given to men through the Biblical revelation. Government is designed by God to serve the purposes of God for the general well being in the social order. It is to insure freedom for all persons and equal rights and opportunities for all persons to achieve their highest potential as members of the free society.

The morning worship services began at 11 with the Rev. L. P. Perry, pastor, presiding. He read a portion of the 4th chapter of St. Mark. Rev. E. E. Henry, a visiting minister, prayed a thoughtful prayer for the congregational period.

Rev. Perry's sermon was entitled "Power of God Out on the Tempest of Life," taken from a portion of the 4th chapter of St. Mark. Some of the most meaningful statements brought out in his sermon were these: Our Lord and Master was teaching great parables along the seashore.

One parable he spoke of was the tares and wheat. The tares were bad and the wheat was good. Jesus said we shouldn't try to take things into our own hands, because He would separate the good from the bad. Don't worry about anybody patting you on the back, prove yourself worthy of it by living the Christian life and performing God's work. Storms will come into your life.

Some of the storms are great sorrow, disappointment and discouragement. Rev. Perry further stated how Jesus calmed the sea. "And there arose a great storm of wind, and the waves beat into the ship so that it was now full." Jesus was down below in the ship, asleep on a pillow. The ship was tossing but He stepped on. The disciples were afraid. They went and woke Jesus and said unto Him, Master, wake up, carest thou not that we perish. They were very frightened. "And He arose and rebuked the wind, and said unto the sea, Peace be still. And the wind ceased, and there was a great calm." Jesus said unto them, O ye of little faith.

She is the daughter of Mrs. Dorothy Jeffers of Raleigh.

why are ye so fearful? How is it that ye have no faith? "And they feared exceedingly, and said one to another, who manner of man is this, that even the wind and the sea obey him?"

In conclusion, Rev. Perry said, "In each individual's life the storm will come." But if we have Jesus in our lives, He will step out and calm the storm for we can hear Him say "Peace be still." The sermon was presented in a most thoughtful and inspirational manner...full of hope. It was received with tremendous response from the congregation.

The choir glorified God with their beautiful singing from Mr. William Vandergriff's playing of the organ. One of the most melodious voices in the choir, Miss Stillwyn Perry, sang with much feeling, "Lord, I Can't Turn Back." The congregation was spiritually moved by it.

Remember, everyone is always welcome to come and worship with us.

Your professional hairdresser knows the answer...

Was haircoloring first done in Africa?

Centuries ago in Africa (before it was explored by Europeans) beautiful black women used herbs and other ingredients to change the color of their hair. It was one way to complement their dark rich complexions...to accent their natural warmth and beauty. Whether or not Africans were the first to use this method, no one is sure. Yet, they are among the first in terms of recorded history to go through the then-tedious process of coloring their hair.

Today changing your haircolor can be as quick and as brief as a visit to your professional hairdresser. That's because many professional hairdressers use Miss Clairol® Hair Color to lighten hair, to make slight color changes and to cover gray. Hairdressing experts know that exotic blacks and browns are generally gorgeous for darker skin tones. Golden or red shades are stunning for lighter tan complexions.

Today black pride brings you closer to the cultural ways of your African heritage. Haircoloring is a part of black history too. Ask your professional hairdresser about changing your hair color with Miss Clairol...and be more beautiful than you already are.
